

Obituaries

BARBARA BARKLEY
Miss Barbara Ann Barkley, 22, 1501 Waveland Ave., Waveland, died Tuesday, Oct. 28, 1980 in Hattiesburg. A visitation was held at Riemann Funeral Home in Bay St. Louis. Her funeral will be conducted Thursday at 10 a.m. at the Lutheran Church of the Pines in Waveland, where visitors may call an hour before services. Burial will be in Garden of Memories Cemetery in Bay St. Louis. The longtime resident of Waveland was born in Detroit, Mich. She was a registered nurse at Forrest General Hospital in Hattiesburg and a member of the Lutheran Church of the Pines. Miss Barkley, a 1980 graduate of the University of Southern Mississippi School of Nursing, attended St. Clare Elementary School and graduated from Bay High School in 1976. She is survived by her parents, Mr. and Mrs. Byron Barkley of Waveland; a brother, Tim Barkley of Metairie; two sisters, Mrs. Christine Barkley Lombardi of Charleston, S.C., and Cathy Barkley of Waveland.

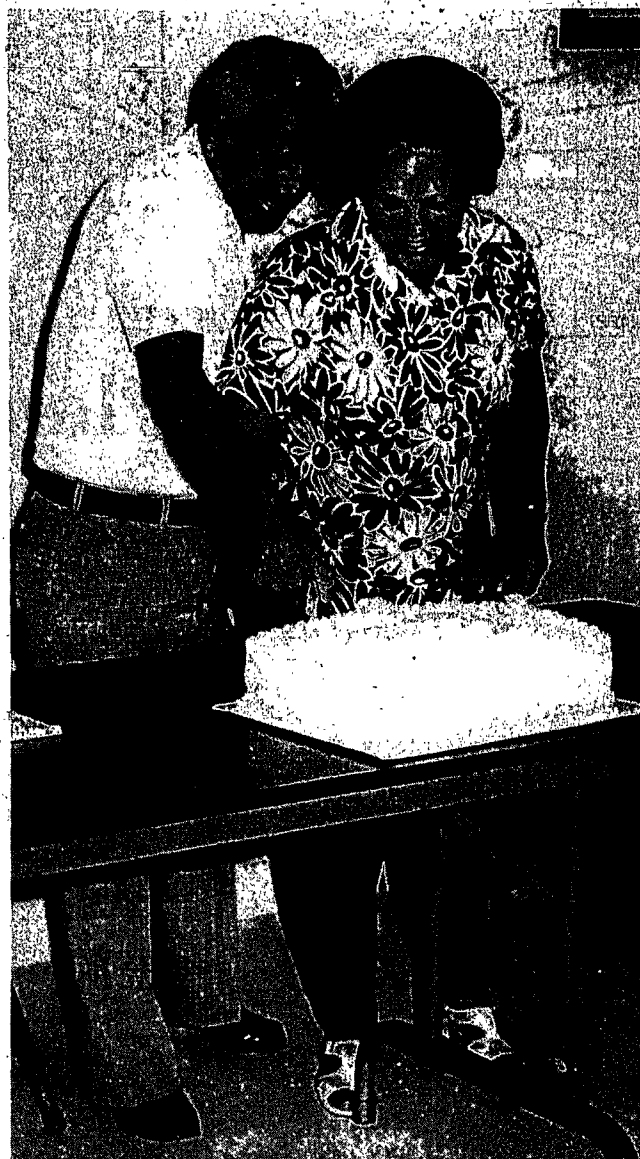

JOSEPH CUEVAS
Funeral services for Joseph Cuevas, 50, of Rt. 3, Box 625, Bay St. Louis, were at 3 p.m. Wednesday at First Assembly of God Church in Waveland. Burial followed in St. Joseph Cemetery, Rottan Bayou. Mr. Cuevas died Monday, Oct. 27, 1980 in Mobile, Ala. He was retired from nursing service at the Veterans Administration Medical Center. He was a member of the First Assembly of God Church in Waveland and a member of VFW Post 6285, Kiln. Survivors include his wife, Mrs. Alice G. Cuevas of Bay St. Louis; a son, William Joseph Cuevas of Bay St. Louis; three daughters, Tracy Lynn Cuevas and Lila Josette Cuevas, both of Bay St. Louis, and Mrs. Thomas (Terrie) Huntsman of Kent, Ohio; his mother, Mrs. Leon Tine Cuevas of Pass Christian; three brothers Ronald Cuevas and Michael Cuevas both of Long Beach and Thomas Cuevas of Pass Christian; three sisters, Mrs. Becky Carco and Mrs. Melsie Byrd, both of Pass Christian, and Mrs. Shirley Jones of Diamondhead; and three grandchildren. Riemann Funeral Home in Bay St. Louis was in charge of arrangements.

MAJ. JESSE COWAND
Funeral services for Maj. Jesse R. Cowand (U.S. Army-Ret.), 72, were conducted at 2 p.m. Sunday at

Riemann-Fahey Funeral Home in Bay St. Louis. Burial followed in the Cowand Cemetery, Bay St. Louis. Maj. Cowand, a native of Bay St. Louis, died Tuesday, Oct. 21, 1980, in DePaul Hospital, Norfolk, Va. He was an electrical engineering graduate of Mississippi A&M College, now Mississippi State University at Starkville. He served with the U.S. Army Signal Corps during World War II and recently retired as engineer for the city of Norfolk, Va. He was the son of Mrs. Jesse A. Cowand of Bay St. Louis and the late Mr. Cowand, members of a pioneer family of Hancock County. In addition to his mother, he is survived by his wife, Mrs. Eloise Jones Cowand, Norfolk; a son, Jesse R. Cowand Jr., Virginia Beach, Va.; a daughter, Mrs. Ed (Eugenia) McClelland, Arlington, Va.; five brothers, Carl Cowand, Metairie, La., Elliott Cowand, New Orleans, Malcolm Cowand, Bay St. Louis, Hubert Cowand and Glen Cowand, both of Spring, Texas; three sisters, Mrs. Helene Price, Bay St. Louis, Miss Ruby Cowand, Gulfport, and Mrs. J.R. (Eulalie) Jordy, Livingston, Texas, and three grandchildren.

MRS. NELLIE OLIVER
Mrs. Nellie Vivian Oliver, wife of Earl F. Oliver and a resident of Route 2, Bay St. Louis, died Monday Oct. 27, 1980 in Bay St. Louis. Survivors include a brother, A.C. Carver, and a sister, Mrs. Yvonne McLain, both of Bay St. Louis. Visitors called at Edmond Fahey Funeral Home in Bay St. Louis from 7 p.m. to midnight Tuesday. The Rosary was recited at 8 p.m. Services were at 10:30 a.m. Wednesday at St. Clare Catholic Church in Waveland, where she was a member. Burial was in Bayou LaCroix Cemetery in Waveland.

LONNIE L. YON
Lonnie L. Yon, 87, a resident of Miramar Lodge Nursing Home in Pass Christian, died Monday, October 27, 1980 in Memorial Hospital at Gulfport. A retired machinist, he was a native of Forest Hill, Tenn., and resided in Clear Lake, Calif., before moving to the Coast a year ago. He was an Army veteran of World War I. Among his survivors is his wife, Mrs. Annie Yon of Gulfport. The body was sent from Riemann Funeral Home in Gulfport to Stricklin-King Funeral Home in Yazoo City for services with burial to be in Glenwood Cemetery.

CUT CAKE AT DEDICATION—Supervisor and Mrs. Sam Pernicaro cut cake at recent dedication of the Kiln Community Center. The cake was baked by Mrs. Darlene Underwood, Hancock Home Economist. The Center on 10 acres includes a community center building, two ball parks and play ground. The Kiln Jaycees started the drive and are in charge of the ball parks. The playground equipment was donated by South Central Bell Telephone Company. The building and ball fields were started with a Community Development grant from which Supervisors James Travira and Sam Pernicaro pooled funds. The interior was completed by Senior AIDES. During opening ceremonies, Pernicaro said, "The center is for the use of all the people of the county." (Staff photo-Ellis Cuevas)

REALTOR

PREPAYMENT PENALTIES

You've sold your home. Your buyer obtained new financing with a new mortgage. Therefore, your old mortgage was, undoubtedly, paid in full with part of your proceeds from the sale. Paying off a mortgage in advance of its original loan length is known in the trade as "prepayment". Many lenders today require a prepayment penalty if a mortgage is paid off prior to its original due date, and you'll find this can amount to several hundred dollars. If you paid this penalty, don't forget that the Internal Revenue Service treats the

prepayment penalty the same as interest - which can be a valuable deduction from your income tax.

But, in spite of the tax break, always try to bargain for the smallest prepayment penalty or no penalty at all. In fact, in many states, consumer-oriented laws have been passed which prohibit any prepayment penalties after the home loan has been in effect from three to five years.

If there is anything we can do to help you in the field of real estate, please phone or drop in at PRESSMAN REALTY, 1332 Hwy. 90 W., Waveland. Phone 467-2224. We're here to help!

Vandivere to manage Waveland K-Mart

By ELLIS CUEVAS
K-Mart Corporation has named Douglas Vandivere general manager of Waveland's K-Mart Discount Department Store opening Thursday, Nov. 6.

The new department store, located at U.S. 90 and Hwy. 603, contains 55,552 square feet of floor space, making it the largest department store in Hancock County.

Vandivere is a native of Albany, Texas and now resides in the Idlewood Subdivision, Waveland. He is married to the former Reba Jones, also of Albany and they have two sons, Douglas Jr., 7, and David, 3.

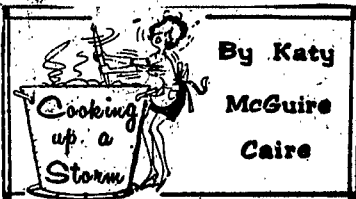

Vandivere said, "I am thrilled at being here in

Waveland and Hancock County. Everyone has been so friendly and helpful, it seems to be a very good place to live."

He comes here from a post as merchandising manager of a K-Mart in Monroe, La. for over two years. Previously he was an assistant manager for K-Mart in the Houston area for six years.

He joined the corporation in 1972 after receiving a bachelor of arts degree from Angelo State University in Texas.

The new store will be under the supervision of Edward C. Andrews, vice president of the firm's southern region headquartered in Atlanta, and it will employ more than 60

What do you do with Halloween's Jack O'Lanterns after the "trick-or-treat" fun is over?

Too many cooks think of pumpkin just as fodder for pumpkin pie, but there are many other possibilities... pumpkin chips, toasted pumpkin seeds, pumpkin soup, bread, casseroles and such.

Pumpkin chips, prepared in the same manner as potato chips, are an excellent accompaniment to beverages, and a delightful snack. Here's

PUMPKIN CHIPS

8 ounces fresh pumpkin
Cooking oil
1/2 tsp. salt, dash of pepper
1/4 tsp. garlic powder
Pare and seed pumpkin and slice thin as for potato chips (about one-sixteenth of an inch) making about two cups full.

Soak in ice water for an hour or so, then drain and pat dry. Fry in deep hot oil (about 350 degrees) until browned, about two minutes. Drain on

paper toweling. Combine salt, pepper and garlic powder and sieve or sprinkle over till coated.

I like to use cayenne rather than black pepper in the seasoning, and sometimes add a dash of curry powder.

Pumpkin, a member of the squash family, can also be stir fried, made into a soufflé or other baked dish - or mashed, seasoned and cooked atop the stove, to serve as a vegetable course. Here's

PUMPKIN WHIP

2 cups cooked, strained pumpkin

1 tsp. salt
Dash of fresh-ground pepper
4 Tbsp. butter

Simmer pumpkin slowly till any liquid evaporates. Turn off heat, add salt and pepper, whip in the butter and serve piping hot - a tasty accompaniment to broiled chicken, pork chops, or what have you. NICKEL and DIME THRIFT IS STILL IN STYLE...

Inflation fighting starts here where one-stop shopping makes every penny count, where customer satisfaction and saving is a tradition of 81 years.

the Kmart Story began in 1899...

when Sebastian S. Kresge founded a nickel-and-dime store that never sacrificed quality for price. Because of Kresge's belief that "nickel and dime thrift" is a necessity of life, he reasoned a variety store of low-priced merchandise would fill this need. From this developed the enterprise of hundreds of Kresge stores. In 1952, a new concept evolved with the Kmart discount stores offering easy, one-stop, checkout shopping backed by Kresge's 81-year tradition of integrity, reliability and trust. Everyday savings, product quality, and buying confidence make the big difference today at Kmart where your "satisfaction always" is our foremost concern.

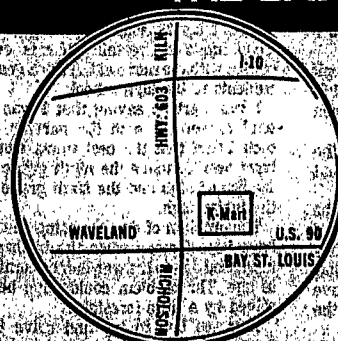

Millions of satisfied shoppers nationwide

In just 18 years, Kmart has opened more than 1600 stores in the United States, Canada, and Puerto Rico, and is still growing. The Kmart idea of dependable-quality products at low discount prices has generated its success as the fastest growing mass merchandising chain in America.

Shopping at Kmart is an adventure in thrift. You'll find almost everything for your family, home and car... over 50 departments... with first-quality items including famous brand-name and Kmart private-label products... all backed by our policy of "satisfaction always" to our Kmart customers. Come to our newest Kmart and join the happy millions who have discovered that Kmart is really the saving place.

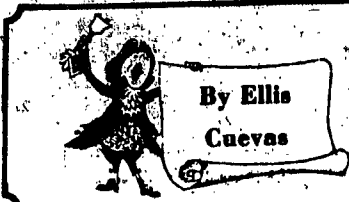

We honor

Bits 'n pieces

The rain Monday night and Tuesday was very much welcomed by some folks, especially the forestry people.

The annual rash of forest fires, because of the long dry summer, have started earlier this year than normally, according to Rand Riedrich, Hancock Forester.

As you know, Hancock carries the distinction of being among counties with the most number of forest fires each year, and this is something which should be changed.

Every fire, even if it is only one acre, destroys numerous trees and wildlife.

We know it is now wet, but crisp north winds that will be zooming in soon will probably dry up the water and create another period when fires can be dangerous.

So please be careful with your burning, we are told most forest fires are started accidentally.

There are only three weeks to go with the regular football season at our local high schools. Some say it has been a long season and others differ in their opinion.

The Bay High Tigers, who lost a squeaker to St. Stanislaus, will try and muster enough scoring punch to run over the St. Martin Yellow Jackets Friday in Bay St. Louis.

The Tigers, who most folks say are one of the most improved teams in our area, have been putting up very good battles over the past few weeks, only to come up on the short end of the scoring.

A big handicap for Bay High seems to be the lack of depth in their reserves, which is evident in the small number of players in uniform.

We hope the Tigers can get on the winning track for their game with St. Martin at Tiger stadium and their visit to St. John next week.

A good game should be on tap for those attending the contest between Pass Christian Pirates and St. Stanislaus Rock-A-Chaws in the Pass Friday.

It is a hard game to select as to whom may have the edge even with Stanislaus having a better season record wise.

We feel it will be another close game with a close score, and this season, there have been many games ending that way.

The Hancock North Central Hawks have a Friday night open and are taking a well deserved rest.

We hope Friday night will see many fans both at the Tiger and Pirate stadiums, cheering on their favorites.

The action being taken by the Hancock County School Board in trying to resettle the several hundred acres of land in the northwest part of Hancock County is something which should have been done years ago.

When the property was turned over to the Picayune Municipal Separate School District in 1957, it was a legitimate endeavour.

But, since 1963 there have been no students living in the area attending the Picayune schools and there are no reasons we can think of as to why they still collect taxes on the lands when they are in Hancock County.

We hope major efforts are taken to have this matter taken care of, because it seems very doubtful that the Federal Government will ever lift the buffer zone status of the lands.

It seems that some folks have to learn the hard way and end up paying for doing something against the law.

Justice Court judge's reports are filled with persons charged with hunting illegally, out of season and use of improper firearms and some even without licenses.

We are glad to see efforts taken by our State Wildlife Law enforcement officers in arresting the culprits.

Indications are that the Justice Court judges are putting the fines on the culprits and this is something needed to help the officer enforce the game and fish laws.

HELPING UNITED WAY — Mabel Month has her hair cut Sunday by Amy Nicholas during the Shear's Delight annual cut-a-thon for United Way of Hancock. John Miller, owner, reported a total of \$203 was turned over to the United Way.

LETTERS TO THE EDITOR

High schoolers resent innuendos

Dear Sir:

I am a concerned Bay High School Senior who has feelings about the third grade situation and would like to express them.

With reference to the October 26 article in the Sea Coast Echo, it bothers me that parents feel their children are being "thrown to the wolves."

I would like to ask those parents just who are the wolves? Your high school sons, daughters, brothers and sisters?

Yes, there are situations that third graders should not be exposed to. They should not be dwarfed by students three times their size. They should not have to contend with the noise present in hallways when our student body changes classes every hour.

The should not have to fight water fountains that are too high for them, nor should they have to use bathrooms that are equipped for adult needs.

On the other hand, we as young adults should not have to contend with the noise of third graders at recess. We should not have to give up class space designed for specialized training as in the case of the drafting classroom. We should not be barred from bathrooms during class time as we too have emergencies. We should not, as a student body at large, be labeled as

drug pushers and child abusers.

If parents would recall, last year's drug problems were found to be in all schools in our area, including elementary.

Bay High was found to have the least problem with drugs. As to a child being physically harmed on our campus, our maturity in relation to a sixth grader prevents such an event.

I feel that the original plan of moving sixth and ninth graders would have been much better. That plan would have placed the transferred students closer to their peer level.

However, if this was the best move as the school board states, then an effort should have been made to enlist our aide in watching out for the children instead of issuing innuendoes as to our character.

I would like to suggest that a meeting be called with representatives attending from each group effected by this move. This group should include board members, school administrators, teachers, both high school and grade school parents, and members of the high school student council.

If we all work together we can ease the hurt feelings and create an atmosphere beneficial to all.

Sincerely,
Terri Thomas
Waveland

Third grade move a symptom of deeper problem

Oct. 27, 1980
To the Editor
The Sea Coast Echo

Dear Sir:

The recent turn of events regarding the decision of the administration and school board to place third graders into the senior high school has convinced me more than ever that there is a very serious, deep-rooted problem in our public school system in Bay St. Louis.

I think Mrs. (Patricia) Hille, Mr. and Mrs. (Sam) Cuevas, and all of those parents in attendance at the special school board meeting are to be admired for going before their representatives to demand fair and just treatment of their children.

These parents are caught up in a very sensitive, emotional issue. It is naturally very difficult to remain calm at a time like this.

I would like to ask everyone, not just those parents but everyone including our trustees, to step back about 20 paces and look at the entire picture for a moment.

If you see what I see, the present situation is not what is really wrong with our system; it is only symptomatic of the real problem.

Having been an active observer of the

school system, a graduate, and now a mother of three students, I have come to the experienced conclusion that the real problem is a lack of professional expertise on the administrative level and a failure on the part of the trustees to alleviate the problem.

As long as our school board is content to act as a rubber stamp for the unacceptable recommendations of the administration, our children will suffer.

For too long our administration and school board have operated our schools in a "stop-gap" fashion.

They seem to go around stomping our feet, but not looking for the cause of them. One cannot help but get the impression that they are satisfied to run our schools on the premise that necessity is the mother of invention.

The events of the past week have encouraged me to believe that time is at hand when the taxpayers will rise up and make the difference themselves. They seem to be telling the board right now—

"Necessity may be the mother of invention, but discontent is the Father of Progress."

Thank you,
Lana Noonan
Bay St. Louis

Temporary trailer problem

11-years-old

Dear Sir:

I am writing this letter to address the problem that now exists within the Bay-Waveland School District.

Thanks to our superintendent and our school board members, we now have third grade elementary students housed in the senior high school facility.

Trailers which were placed on the North Bay campus 11 years ago as "temporary" classrooms have now been termed "emergency" situations. I agree with the fact that the trailers are

dangerous to all concerned, but I do not believe that actions of the superintendent and the board members to have been in the best interest of the children.

The present administration has had 11 years to solve the problem, but apparently has been unable to do so.

Will the third grade remain at the high school for another 11 years before something positive is done?

I find it hard to believe that people placed in the position of responsibility for our children's education have been so neglectful of their duties.

Even now they offer no plans for the future other than to wait and see what the future holds.

I urge each parent of a child in the school district to contact your representatives and ask them what they plan to do to correct the conditions now present. Ask them what steps they have taken to ensure our children of the education they are working for.

Parents of third graders owe high schoolers an apology

October 28, 1980
Editor
Sea Coast Echo
Bay St. Louis

Dear Sir:

I would like to comment on the statements that appeared in the Sunday, October 26 issue of the Sea Coast Echo made by certain parents concerned with the move of the third grade students to the high school.

I will start by saying that I was in total agreement with the parents in their belief that the best move would have been to move the ninth grade to the senior high and the sixth grade to the junior high.

The problem of overcrowding should have been foreseen when the birthrate increased due to the war babies coming of age. The problem could have been solved by a little foresight.

It is too late to try and solve the overcrowding in the elementary school. The school boards should begin now working on the junior and senior high schools to the conditions that will

exist when these same elementary children enter there.

The birthrate has declined since the zero population days and with the decline there will be no need for more room at the elementary level, and eighth grade is better than no sight at all at the high school.

Now I will state the reason that prompted this letter. Today, my daughter, who is a sophomore at Bay Senior High, came home with some comments that made me very angry.

Those comments were, "Mom, those little kids were so cute, but you should have seen the parents!" and "Did you read what they said about us in the paper?"

Your name calling with the school board is your business, but when you start condemning children... I choose to make it mine!

Your assumption that all high school students are bad does not endear you or your cause to me. I believe in fighting for what is right, but when children come home with statements like this, it makes me wonder about the adults in

our community, and I use the term "adult" loosely.

I also did not know that having children in school was a pre-requisite for being concerned about the school system and the children in it. Grandparents don't usually have children in school, but does that mean that they are not concerned?

Maybe you haven't noticed, but at the ballot box my vote counts as much as yours in a school bond issue. People without children get the same vote.

At the moment it seems as though a lot of people are having to make the best of a bad situation, but your comments are bringing about uncalled for resentment and hurting innocent children and the community as a whole.

I regret that you choose to lump all teenagers into one category. Your calling all high school students molesters, addicts, bullies, etc., is wrong and puts your mentality somewhere below that of a moron.

The third grade students probably will "go double traumatic" if they haven't already, because of the things they have overheard their parents say.

Things said that have instilled fear where there was none. These "impressionable" eight-year olds will be expecting a high school student to be

hurling in the bushes and around every corner, just waiting to grab them. How are you going to explain that to the teenager who comes over to babysit is not bad?

If you really believe this about our teenagers, then I suggest that you remove yourself and your children from the school system and the community.

These teenagers that you have so freely condemned are the same ones that stand on the corners and collect for the United Givers Fund, gather to pray for the hostages in Iran, clean the beaches, spend a week of their summer vacation camping with the children of the Ellisville State School, feeding, dressing and pushing wheel chairs - all of this and more, with no thought of reward.

Unlike you, I have faith in our teenagers, and they will persevere despite ignorant "adult" comments, such as yours.

I think that the North Bay Elementary third grade parents owe the teenagers at Bay Senior High an apology.

Sincerely,
Brenda W. Anderson
Waveland

Convenience of teachers and bus drivers

is board's first concern

Letters
Sea Coast Echo

Dear Editor:

I am writing this letter about the problem they are having concerning the third grade students being transferred to the Senior High.

I think this is a very big mistake. Many of the parents are very upset, and I don't blame them because if I had a child in the third grade, I would not want him or her at Bay High.

They have drugs at the high school, also smoking is very common in the hallways, before, during and after classes.

Parents that don't have children in the third grade don't care, because it's not their child.

The people who made this decision should consider how they would feel about their third grade children attending senior high.

I feel they should consider putting the third graders at S. J. Ingram Building and moving the 8th grade to Senior High. It may be inconvenient for some teachers and bus drivers, but they are adults and can take care of themselves, whereas 8-year-old children can not.

Thank you,
Crystal Schoonmaker
Waveland

Do away with appointed school board members

Sea Coast Echo
Editor

Dear Sir:

I do not have a third grader, but I think the move they made is foolish.

I have two ninth graders and I think they should have been moved.

The ninth should have been at the high school since it was a full school. The school board has a final decision on things and on the school

I think it is time the people have the chance to vote on the school board, instead of being told who the school board is.

Let the parents have a say in something. Let us have the right to vote the school board in.

High school environment unsuitable for third graders

Dear Editor:
Open your eyes people, and see just what they're doing to the third graders of North Bay.

I'm a 1990 Bay Senior High graduate. I know what kind of environment they're putting these young children into.

J. D. McCullough just doesn't know a fourth of what's going on in these schools.

Parents will start to realize these children are coming home educated before their time in a lot more areas than school work.

High School students aren't animals, but they have ways which shouldn't be presented to third graders, such as language, and the writing on the

bathroom wall (I myself have read some pretty foul things on them.)

These children need more children of their own age groups to play with; three third grade classes just aren't enough.

I think McCullough should definitely be removed, and that the taxpayers elect their choice of school board officials and superintendent.

Maybe one or two of the people on the board have children of their own in our public school system. I think only people with children, be it elementary, Junior high or Senior high students, should be allowed to stand as our school board.

Sincerely,
Angel Bourn
Bay St. Louis

School board attitude angers parents

October 27, 1990

The Sea Coast Echo
Bay St. Louis

To the Editor:

I am writing as a concerned parent who has a child in the third grade at North Bay Elementary; well actually, my third grade child is now going to Bay Senior High.

I am sure you are aware of the fact that the School Board held a special meeting for the parents of these third grade students.

My husband and I went to the meeting and were appalled when the School Board still elected to move the third graders after listening to our objections.

I had always thought that the School Board worked for the people in their County. Well, after the meeting Thursday night I knew I was wrong. Every parent at the meeting who has a child in the third grade objected very strongly to this move, but the School Board still did exactly what they wanted.

I guess what angers us the most is that we had no say in the matter when this was originally voted on by the School Board. If we hadn't read about it in the paper, we probably wouldn't have known anything about it.

This is my own opinion, but this has got to be the most stupid thing I have ever heard of and it makes me ashamed to live in a County where something like this could take place.

Thank you,
Mrs. Kenneth Hurt
Bay St. Louis

Special meeting on third grade move a waste of time

Editor
Sea Coast Echo
Bay St. Louis

Dear Sir:

Thursday, Oct. 23, a special board meeting was called concerning the move of the third graders from North Bay Elementary to the Senior High. My wife and I were present as our child is one of the third graders to be moved.

It is our understanding that the board is supposed to be representatives of the people and for the people.

After the asinine note to reaffirm the move I can't see how they can say they're representatives of the people.

Several dangers were presented to this board as well as problems that will confront these children in the environment of the High School.

The only thing we were told was these would be worked out. We cannot

possibly conceive how this move can be in the best interest of our children.

I think this board meeting was a total waste of time because nothing was accomplished and the board was not about to admit making a mistake, such as this move certainly will be.

All we found out at this meeting was that Betty Diboll has boiling blood, Maurice Singleton can be very obnoxious, Walter Turcott has insomnia and that Virginia Gex is a taxpayer.

I feel that all parents should be concerned in this matter because all parents with children in the public school system may face this problem or one similar to this.

If we sit passively back and do nothing, this type of action will continue.

Sincerely,
Mr. and Mrs. Forrest Nacale
Bay St. Louis

Third grade move to affect second graders next year

Editor
Sea Coast Echo
Bay St. Louis

Dear Sir:

We have lived in Hancock County all of our 37 years and I know that people have run other people's lives, but I did not think it would come to the point School Board members tell me what I can and can not do with my child.

This is America, people wake up! Freedom of speech, do you remember that?

I think it is uncalled for to put 8-9 year-old children with adults.

Those mothers and fathers who have children in the first and second grades at North Bay who will be in the third grade soon, do you want your little child over with these adults?

The School Board is going to purchase play ground equipment for these third graders that are going to Senior High.

That sure sounds like permanent to me. So don't be surprised if you will be registering your child at Senior High next year.

It will take all of you people in Hancock County, whether you have children in the public schools or not.

Tiger Pride Band named superior in all categories

By GRACE GIBSON
Band Aldes

Bay Senior High's Tiger Pride Band, under the direction of Glen Page and Carolyn Hamilton, participated in the Deep South Marching Band Festival held Saturday, October 25, in Mobile, Alabama.

Although 31 bands took part in the event, only four received superior ratings in all categories. Tiger Pride, one of these four, was the only band in its class - Class B - to receive this rating.

Bands are assigned to classes according to the

number of students enrolled in the school.

The categories in which Tiger Pride received their superior ratings were: Marching Band, Drum Major, Percussion Section, and Auxiliary which includes the flags and rifles.

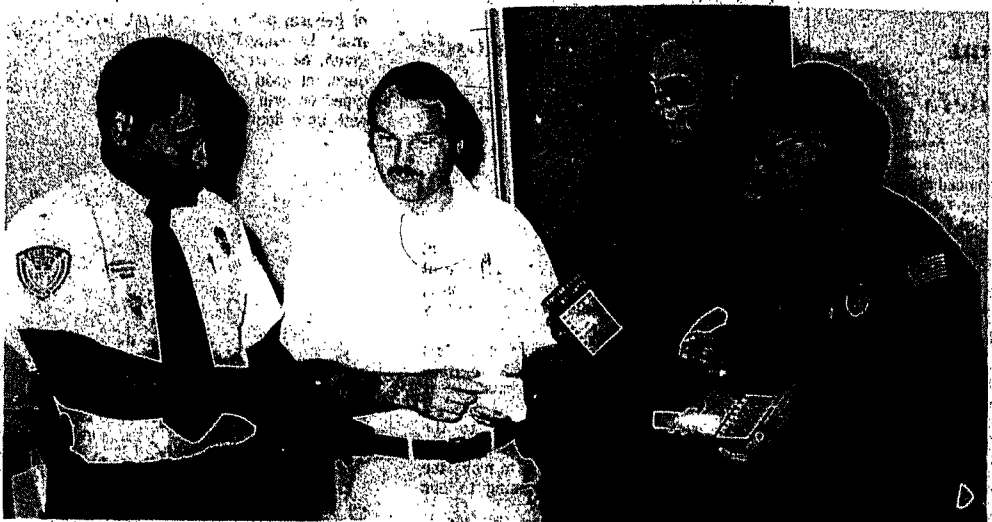

Gary Adam, a senior at Bay High, is drum major of Tiger Pride. Jerry Manleri, a sophomore is captain of the drum section. Seniors Vickie Young and Suzie Thomas are flag captain and rifle captain, respectively. Co-captains of the flag corps and the rifle

corps are Karen Peterson, a junior, and Annabelle Lipscomb, a sophomore.

Far from resting on their laurels, the members of Tiger Pride are already hard at

work, practicing their music and their routines in preparation for the band's

participation in the Picaune Marching Band Festival on November 8.

HALLOWEEN SAFETY — The Bay St. Louis Police Department, in cooperation with the American Automobile Association, is urging residents, young and old alike, to exercise caution on Halloween Night Friday. Police have distributed

pamphlets and reflective tape for costumes to school children in the area. Participating in the safety program are, from left, Chief Douglas Williams, Investigator Matt Karl, and Officers Larry Ladner and Harris Boudreaux. (Staff photo by Ellis Cuevas)

Winter grazing prospects brightened up considerably with fairly good rains over most of the state last weekend.

Rye grass and wheat seeding is running well behind schedule due to the extended summer drought. Farmers are burning midnight oil trying to harvest their row crops and get all their winter seedling completed before the wet season sets in.

Movement of feeder cattle was only slightly reduced from the previous week, while both weeks exceeded year ago figures.

Consumer resistance is being felt in the beef trade and on into the fed cattle market. Yield Grade four carcasses are finding a rough outlet with prices now running 12-13 below Yield Grade three.

At Mississippi livestock auctions for the week ending Oct. 23, around 16,000 cattle were sold, down 1,000 from the previous week and 3,900 more than a year ago.

Slaughter cows were steady to 1 higher, with Utility 1-3 39-46.50, Cutter 1-2 36-43. Feeder steers were unevenly steady to 3 higher. Heifers were unevenly steady. Medium Frame No. one 200-300 pound steers 88-95, a few to 100, 300-400 pounds 80-85, a few to 88, 400-500 pounds 70-76, a few to 80.50, 500-600 pounds 68-74.

Medium Frame No. one heifers 200-300 pounds 62-66, a few to 71, 300-400 pounds 60-65, 400-500 pounds 58-64, 500-600 pounds 57-62.50.

The Texas-Oklahoma panhandle area moved 53,000

cattle, down 5,900 from the previous week and up 2,600 from a year ago. Slaughter steers were steady to 50-cents lower, heifers 25-50 cents higher. Late sales Good to mostly Choice 2-3 1025-1200 pounds steers 68.50-69.50, heifers 900-1025 pounds 66.50-67.25.

The St. Louis hog market had 30,800 head, up 100 from the previous week and down 1,900 from a year ago. Butcher hogs were 25-75 cents lower for the week. On Friday U.S. 1-2 200-240 pounds 47.75-49. Sows were uneven, weights under 500 pounds steady to 50 cents lower at 43-44, weights over 500 pounds 1.50-2 higher at 48-49.50. Boars over 300 pounds 43-43.50.

The Tennessee Feeder pig sales had 18,900, same as the previous week. Pigs were steady to 16 per cwt. higher. U.S. 1-2 40-50 pounds 74-97.50, 50-60 pounds 68-83.25.

In the central U.S. carlot meat trade steer beef was 2-3 lower, Choice three 600-900 pounds 105, Choice three 500-700 pounds heifer beef 102. The estimated gross cutout value of Choice three 600-700 pounds boxed beef carcasses for Thursday was 114.24 per cwt., 1.22 less than a week ago and 12.68 more than a year ago.

Slaughter under federal inspection included 842,000 cattle, down 6,000 from the previous week and up 30,000 from a year ago, 1,870,000 hogs were slaughtered, up 52,000 from the previous week and down 39,000 from a year ago.

NEWS OF HEALTH

Your Health And Yourself

A 1979 survey found sixty percent of the public do not take good health for granted. And 20 million joggers are a visible expression of the surge of interest in health and well-being.

Formal recognition of our willingness to take more responsibility for our own well-being was offered by a recent symposium, "Self-Medication: the New Era," sponsored by The Proprietary Association, the trade association representing manufacturers of non-prescription medicines.

In his presentation, "Self-Medication: the Social Perspective," Lowell S. Levin, professor of public health at Yale University, said that probably the most significant event in health care since the discovery of the germ theory of disease is the discovery of the "self"; the new awareness of the role of self-service in health.

He pointed out that the home itself is being newly appreciated as a medical care facility. Not only are first aid materials commonplace, but recently blood pressure cuffs, pregnancy testing kits, do-it-yourself urine and throat culture kits have been added to many household dispensaries.

Self-medication is monitored by the government, too. Dr. J. Richard Crout, Director of Bureau of Drugs of the Food and Drug Administration stated, "Our philosophy in this country is that OTC (over-the-counter) drugs must do what they claim to do, must be safe when taken according to directions, and must be capable of being labeled in terms that can be understood by the general public."

People who take the responsibility for deciding what they can treat safely and what should be treated under the doctor's guidance, may find that taking more responsibility for their own care may be a healthy idea.

It's News To Me

Protect Auto and RV

From Rust and Corrosion
AUTO AND RV chrome easily becomes rusty and corroded. But WD-40 can solve this and other maintenance problems. This water displacing product breaks the moisture barrier, loosens the rust to metal bond and ensures lasting protection. One spray on bumpers, trim, grillwork and other metal surfaces will stop rust from spreading as well as prevent it from occurring on potential trouble areas. The product also starts stalled engines, lubricates sticky mechanisms and cleans and protects dirty battery terminals and radio antennas. WD-40 is available in handy 2-oz., 9-oz. and 12-oz. spray cans, auto shop, hardware and other retail stores.

Common Cause release questionnaire results

Common Cause-Mississippi has released results of questionnaires submitted to the two candidates for the U. S. House of Representative seat from the Fifth Congressional District.

Trent Lott, the incumbent Republican, and Jimmy McVay, the Democratic challenger, responded to questions on issues that Common Cause will be lobbying on when the Congress comes into session in January.

The issues dealt with Congressional Campaign Financing, Sunset, Lobby Disclosure, Reapportionment, Water Projects, Presidential Primary System, the "Special Interest State," and Energy. "Common Cause does not support or oppose candidates, but believes that citizens should know where the candidates stand on important issues of governmental accountability and performance. That's why we are conducting this campaign to put the candidates on record on these issues," stated Ken Autrey, State President of Common Cause in Mississippi.

On Common Cause's number one priority, reform of the present system of financing congressional campaigns, the two candidates differed as to how they would approach the problem.

According to Common Cause, special interest organizations have increased their campaign contributions from \$12.5 million in 1974 to an estimated \$60 million for the 1980 elections.

Lott stated that he would favor the establishment of a maximum limit on the total amount of special interest contributions an individual candidate could receive, as well as reducing the amount a single special interest group could give to a candidate.

There is currently no limit on the total amount of money candidates can receive from the political action committees (PACs) of special interest groups, while the individual PAC limit is \$10,000 per election cycle.

McVay indicated that he will support a system of financial congressional elections similar to the way Presidential elections are financed, the matching of small individual contributions with funds from the voluntary tax checkoff and overall spending limits. McVay stated on his questionnaire that he does not accept PAC money.

Both candidates indicated that they would favor the enactment of Sunset legislation for federal spending programs.

Sunset is a concept originated by Common Cause that would force the Congress to evaluate all government programs over a 10-year period under the threat of automatic termination.

According to Autrey, Mississippi has a Sunset law that is in its second year of operation and is working reasonably well in forcing the Legislature to review government programs for effectiveness and efficiency.

Lott and McVay differ, however, on whether or not the Sunset process should include the review of tax subsidies and credits. McVay favors the inclusion of these tax expenditures, while Lott does not.

"Unless tax expenditures, which will amount to roughly \$208 billion in 1981," are scrutinized on a periodic basis and are subject to systematic review by Congress, the public will have little way of knowing if these tax items are achieving the goals for which they were enacted," commented Autrey.

Concerning the enactment of strong lobbyist disclosure legislation and standards to prevent political gerrymandering during reapportionment, Lott and McVay agreed that both were needed.

On a more controversial issue, the two candidates again showed some disagreement. The subject of funding water projects by the Congress has long been considered a wasteful boondoggle.

Common Cause asked two questions in this area. One would they support an increased role for state, local and private sources to pay for the construction and maintenance of federal water projects as a way of providing more incentives to evaluate projects thoroughly and bringing the debate of water projects to a public forum at the state level.

McVay agreed with the position that local areas should contribute more to the funding of these projects, while Lott opposed that position.

Both candidates favored the enactment of legislation to provide for a more effective process for weighing the real environmental and fiscal costs and benefits of federal water projects.

On topic of Presidential Primaries, Common Cause gave the candidates a list of alternative ways of conducting the process of choosing presidential candidates during the primary elections. Lott stated that he favored a system of regional primaries based on time zones, while McVay indicated his support for a national presidential primary.

According to Common Cause, a source of growing concern within the American

political system is the "special interest state" - the increasing ability of narrow interest groups to dominate government policymaking in their particular areas of concern.

"This trend too often results in fragmented policies serving the immediate interests of those with the greatest influence over government decisionmakers rather than policies that serve the broader national interest," stated Autrey.

Common Cause asked the candidates to list three im-

portant steps they feel should be taken to control the special interest state.

McVay listed the prohibition of campaign contributions by the political action committees of special interest groups, partial public financing of congressional elections, and a strong lobbyist disclosure bill. Lott listed limiting contributions, disclosure, and more voter participation.

Common Cause also asked the two candidates what steps they feel should be taken to reduce American dependence

on foreign oil.

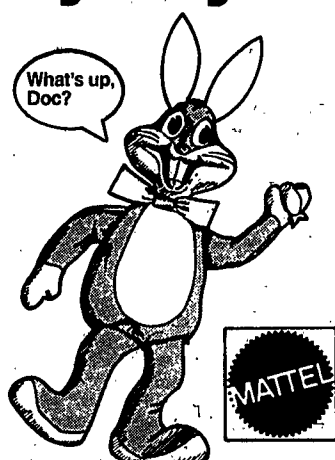

Lott listed conservation, development of alternative energy sources, and less government controls and intervention.

McVay listed the continued enforcement of conservation measures, continued funding for alternative energy sources, shifting part of windfall profits tax to actual dollar profits on imported oil, and the restriction of imports from any OPEC nation to actual dollar for dollar trade in U. S. goods.

Common Cause also asked the two candidates what steps they feel should be taken to reduce American dependence

Poll managers training session planned tonight

By ELLIS CUEVAS

A training session will be held tonight at the Hancock County Courthouse for all election commissioners, according to Henry Otis, Circuit clerk.

The managers for the November 4 General Election were selected at a Monday night meeting of the election commissioners.

Otis stated all persons wanting to vote absentee in the election, can visit his office today and Friday from 8 to 5 and Saturday until noon. If further information is needed call the circuit clerk's office at 467-5265.

The election manager for each precinct picking up the ballot boxes at the courthouse will receive \$7.50 additional for each trip, according to Otis. The boxes will be available for pickup from 2 to 5 p.m. on Monday afternoon at the circuit clerk's office.

The election managers selected by the commissioners for the precinct and voting locations include:

BEAT NO. 1

ANSLEY: Ansley Community Center, Lower Bay Road — Bessie LaFontaine, Michael Shiyou, Sandra Evans; managers; Lois Ann Evans, bailiff.

Classrooms.....CONTINUED FROM PAGE 1A

cost some \$600,000—including furnishings and architect fees—with 50 percent funding by EFC and the balance paid by the district from 16th Section mineral lease funds.

Sills projects some four months will be required to complete paper work on the proposal before construction begins.

Sills reported the county now has \$900,000 in an escrow savings account from 16th Section land revenues.

A cost breakdown of the classroom project by Sills lists:

—Construction of each room at \$24,000 for a total of \$528,000;

—Furnishings at \$28,000;

—Architectural fees totaling \$33,242.

Board member Monvel Cuevas stated, "I don't see how we can do anything else."

Board member Louie Ladner said, "Since we are unable to follow the preferable recommendations in the feasibility study, we are forced into a situation of piecemeal additions as the board has been doing for the last 100 years."

"We're forced to go ahead with building additional classrooms because of the failure of bond issues and the EFC's rejection of assistance for a 'south-end' high school," he cited.

In other business at the 9 a.m. meeting in the Dan M. Russell Memorial Youth Court Building in Bay

St. Louis, the board:

—Accepted a low \$4,400 bid from Marvin LaCoste of Waveland for five heating and air conditioning units for portable classrooms recently installed at HNC;

—Accepted a grant proposal by Federal Programs Coordinator Harlin Hill to fund classes for physically handicapped three to five-year-olds.

—Accepted a recommendation to hire Charlotte Johnson as special education teacher for the pre-school handicapped program;

—Accepted a recommendation to hire Rebecca Carver as substitute cafeteria worker at Gulfview;

—Rejected a \$1,164 bid from Turan-Lane Chevrolet in Bay St. Louis for a 1976 pickup truck engine and agreed to readvertise for bids;

—Set a 9 a.m. Saturday hearing for two students, an eighth grader at Gulfview and an 11th grader at HNC — allegedly involved with use of a controlled substance;

—Authorized a \$495 contract with Sam Ladner for installation of a sewer line and septic tank at the Clermont Harbor School;

—Discussed meeting with the Picayune Municipal Separate School District to discuss recovery of Hancock County lands under jurisdiction of the Picayune District.

Hancock County Forester

TIMBER-LINE...

By Rand Riedrich

One day recently I was in my pickup, headed to a wildfire in the Standard Community in the eastern part of the county. I don't normally run to every fire that the crews sign off on, but the fire danger was high due to a dry spell and this one sounded like it could get bad.

Crewleader Albert Daniels Sr. had indicated as much when he checked out on the fire. "I may need some help on this one," I heard him tell. Dispatcher Wanda Stenklyt in the radio.

Since I needed to look over some forestry vendor work over that way anyhow, I decided to swing by the fire and see how things were going.

It turned out to be a pretty hot one, but Albert had cut the head fire off real fast with his tractor-pull and was working on the slower moving flanks when I arrived.

What had made him think he might need help was the fact that the fire was in heavy fuel and was headed for a fine looking plantation of five or six year-old pines.

He and his crew member got there just in the nick of time though, and managed to keep what could have been a costly and dangerous fire contained

to just a few acres of mostly grass and briars.

The thought occurred to me as I drove on, that there were probably fewer than a dozen people who knew that this fire was happening — our Forestry Commission people, the person who started it, and maybe a neighboring landowner or two.

I suppose that's one of the reasons why we have such a tough time getting the point across to a lot of people in our county that we need to all be more careful and prevent these fires.

You know these "routine" woods fires don't customarily make the headlines like automobiles, accidents or building-type fires, but they do a lot of damage to all our pocketbooks.

And lives are put in jeopardy every time the smoke rises. (If you don't believe it, ask some of our more experienced firefighters to tell you how dangerous their jobs can sometimes be.)

I guess what I'm trying to say in the column this week is that although you may not be seeing many smokes rising around the county these days, you're nevertheless having a good many fires — and we want

you to know about it and to be extra careful not to add to this problem.

Icelandic rock star cooks on Gulf Coast

By EDGAR PEREZ

U. S. Air Force personnel stationed in Iceland couldn't handle the name of their favorite rock star - Bjorgvin Glasjon - so he was promptly tagged with a typical American nickname, Bogle, as in Humphrey Bogart.

Bogle, now a resident of Bay St. Louis, was playing then at an airmen's club as he is now at Keesler Air Force Base in Biloxi.

And closer to home this weekend, Bogle will be appearing at Rather Southern in Bay St. Louis and later in the evening at Bennie French's in Henderson Point.

From 1973 to 1975 Bogle was a member of Pelican, an Icelandic rock group which was selected the "most popular group" in Iceland.

He also produced a best-seller gold album which means sale of 10,000 copies in

Iceland, and five other albums including a solo performance in 1977 for which he wrote all the music and played guitar and keyboards and rendered the vocals on one selection.

"We were doing really well as a group in Iceland, but it has always been our dream to come to America to try our luck," Bogle said.

"But it gets really complicated when you try to permanently move a group across an ocean," Bogle noted in explaining he finally decided to come to the United States on his own.

"Some of the group were tied down with homes and families which just couldn't be moved," he added.

Bogle's move to the Mississippi Gulf Coast was prompted by an earlier association with Jerry Fisher, former member of Blood, Sweat and Tears and now

owner of Dock of The Bay in Bay St. Louis.

Pelican played an engagement at The Dock in 1978.

Bogle, who classifies his style as heavy rock, joined the group Trax on the Coast about three weeks ago and has been playing with them at Keesler.

"I have sent some tapes to record companies since I came to the United States four months ago," Bogle added, "and some of them are expressing an interest."

He said he will be joined at Rather Southern Friday night by Bucky Cole of Biloxi, also a member of Trax. The pair will join the remainder of that group later Friday evening at Bennie's.

Glasjon lives in Bay St. Louis with his wife, Gudbjorg Ragnarsdottir, and their two sons, aged 10 and 8.

EFC.....

CONTINUED FROM PAGE 1A

Lovell stated, "If the school board proposes to build a junior high school it will have to be built with local funds."

"There have been several plans submitted by the Hancock district, but at our recent meeting with the board we didn't discuss a plan because no acceptable plan has been submitted," he noted.

"Over a year ago the Hancock district presented a long-range building plan without proper documentation of student population," Lovell cited.

"There is serious doubt whether there are enough students to justify another school. If there are enough students these figures have to be documented," Lovell said.

The EFC director explained Hancock's long-range plan submitted last year lists several Hancock students attending Bay St. Louis Municipal Separate School District schools.

The local board voted several months ago to require Hancock students attending classes in other public school districts to attend county schools once the proposed 'south-end' school was in operation.

However, Lovell questioned the validity of previous documentation he received and stated, "We have to know these students are there."

"If Hancock says they have 10 students in the Bay school system we have to be able to verify they are there," he stated.

Lovell said no such documentation has been received or accepted by the EFC.

The list submitted to EFC last year lists students attending the Bay district. However, some students were actually attending private schools and names of students are duplicated throughout the document.

"If and when we spend state money we have to have accurate documentation. This is what is holding up consideration by the EFC," Lovell explained.

Sills stated, "We can't get documentation of children in the Bay district because of Hancock drop-out students from those schools and children attending private schools."

"We can only submit to EFC figures of actual attendance in our own schools right now," Sills added.

Chamber promotes votes

By WAYNE DUCOMB JR.

A newly formed Hancock County Chamber of Commerce Election Task Force Committee is encouraging all local citizens to vote in the upcoming presidential election.

Committee Chairman Warren Carver of Bay St. Louis reported at a Chamber Board of Director's meeting Tuesday night local superintendents of public school systems and principals of private schools have agreed to sponsor contests among students to encourage adults to vote.

The chamber has also placed an advertisement in this newspaper encouraging local citizens to vote.

"We have suggested a contest among classrooms in each school and among schools throughout the county," Carver said.

"Administrators would urge students to contact voting members of their families as well as neighbors and friends, requesting these qualified voters to vote in the Nov. 4 election," Carver explained.

"Students would be requested to submit to teachers a list of people they urged to vote," Carver stated.

"Winners could be determined by the ratio of students to the number of voters contacted," he added.

ACCIDENT INJURES ONE-Bay St. Louis Police Patrolman Dennis Lynch directs traffic around a two-car collision Tuesday afternoon at the intersection of US-90 and Longfellow Street. Patrolman Gordon Campbell said at the accident scene John Selly Jr., 21, of Diamondhead was transported by Mobile Medic to Hancock General Hospital with head and neck injuries. A hospital spokesman said Selly was transferred for treatment by an orthopedic specialist at Sidel Memorial Hospital that evening. A Sidel hospital spokesman said Wednesday Selly was treated and released Tuesday night. Campbell said the Diamondhead man was cited with no driver's

license, failure to yield right-of-way and causing damage to another vehicle driven by Maureen A. Eseman, 45, of Lakeshore. Eseman was apparently not injured in the mishap. The Bay patrolman said Selly was traveling south on Longfellow, had stopped at the intersection, and was crossing US-90 when his automobile struck Eseman's vehicle traveling west in the left lane of US-90. Both vehicles were listed as totally demolished in the 4:30 p.m. accident. Also responding to the accident scene were Bay Patrolman Eddie Jordan, State Highway Patrolman David Kenny, County Coroner Carl Banderet, Mobile Medic, and John and Sam Pernicelli Wrecker Services. (Staff photo by Wayne Ducomb Jr.)

YOUR VOTE IS IMPORTANT!

JERRY SEUZENEAU

Election Commissioner
Hancock County
Beat 4

FRIENDS AND FELLOW VOTERS OF BEAT 4:

Hancock County is important to me. I was born here 38 years ago, the son of Phyllis and Sheldon Seuzeneau. I attended OLG and graduated from St. Stanislaus. After two years at Pearl River Junior College, I attended and graduated from University of Southern Mississippi.

I have served for eight years as President of the Bay St. Louis Park and Recreation Board; am a Little League coach; officiate at high school football games as a referee; and am a member of the Hancock County Chamber of Commerce. My wife, Pat, and I have two sons, Tad and Tommy.

Good government has always been my goal, and that is why I want to serve as your Election Commissioner. I will be HONEST, HARD-WORKING, FAIR and IMPARTIAL.

I ask for your vote and support on November 4.

Paid for by friends of Jerry Seuzeneau

Thank you,
Jerry Seuzeneau

The facts are in. After four terms as our representative in Congress, Trent Lott has triumphed over a long-recognized Catch-22 of the office: Congressmen who become powerful in Washington are better able to help the people back home, but the price of becoming powerful in Washington is loss of contact with the people back home, since no one can devote sufficient time and energy to both. Trent Lott has.

Fact one: According to the Library of Congress, 38-year-old Trent is the youngest Mississippian in history to be elected to a congressional leadership position. He is chairman of the House Republican Research Committee, helped write his party's 1980 platform, and is the ranking Republican member of the powerful Rules Subcommittee on Legislative Process.

Fact two: In July 1980, a national polling organization, measuring public opinion in Mississippi, discovered that an astounding 83% of the people who have an opinion say that Congressman Lott has "stayed in touch with the people in Mississippi rather than becoming too much involved in politics in Washington."

Trent Lott has emerged as a respected conservative spokesman in Washington... and remained an effective conservative Congressman for Mississippi.

That is his triumph. The facts are in.

TRENT LOTT
FOR MISSISSIPPI

Authorized and paid for by the Trent Lott for Congress Committee

Waveland Players raise political curtain Saturday

By META GARSIDE

The Waveland Players, an enthusiastic new theatre group, is presenting the hilariously funny musical-comedy "Of Thee I Sing," which was written by George S. Kaufman and Morrie Ryskind, with music and lyrics by George and Ira

Gershwin. "Of Thee I Sing" is a spoof of a Presidential Campaign and all that follows. The dates the play is being aired are Saturday, Nov. 1 at 8:15 p.m. and Sunday Nov. 2 at 3 p.m.; and again on Friday and Saturday, Nov. 7 and 8, at 8:15 p.m.; with another Sunday matinee on Nov. 9 at 3 p.m. at

the Waveland Civic Center on Coleman Avenue in Waveland. The huge cast is headed by Jay Decker as John P. Wintergreen, the candidate for president; Terry Simpson as Alexander Throttlebottom, the whimsical candidate for vice president that nobody knows; Hansel Baxter as "the

most beautiful blossom in all the Southland," Diana Devereaux and Susan Smith as Mary Turner, Wintergreen's love interest. Their performances are outstanding!

By the very nature of the play, many of the supporting actors have major roles, and

fill them superbly. They are Brother Pierre St. Pierre, Ted Stechmann, Ed Ling, Ed Craig, Bunk Gardner, Loren Hoover, Dottie Overal, and Barbara Fitch.

Rounding out the cast are John Adams, Yvonne Chapman, John Helmers, Anthony Poffenberger, David Bryan, J. R. Roth, Jeanne-Marie Bell, Nancy Carson, Jerilyn Burns, Janet Alme, Dee Troni, "Doc" Hatton, Piccola Dietrich, Nicola Dietrich, Monica Parker, Connie Moran, Melanie Cuevas, Daren Stechmann, Dege Stechmann, J. P. Overal, Jennifer Vaughn, Elizabeth Hart, and Danny Williams.

"Love is Sweeping the

Country," "Wintergreen for President," and the title song, "Of Thee I Sing."

There is much more music, since much of the dialogue is musical repartee.

"Of Thee I Sing" is directed by Ollie McKenna, assisted by Ted Stechmann, produced by Janet Alme, accompanied on the piano by Jean Keen, and choreographed by Piccola Dietrich and Yvonne Chapman.

Tickets are \$3 and are available at the door; children under age 7 are admitted free. If you're looking for a rollicking good time, lots of chuckles and hearty laughter, don't miss "Of Thee I Sing"!!

SATURDAY CURTAIN — Waveland Players will open a five performance run of "Of Thee I Sing" Saturday at the Civic Center on Coleman Avenue. Members of the cast preparing to demonstrate at the Convention are, back from left, Ed Craig, Jay Decker, Susan Smith, Terry Simpson, Ed Ling, Brother Pierre St. Pierre, Ted Stechmann, John Helmers; and front from left, David Bryan, Jeanne-Marie Bell, Bunk Gardner, and Hansel Baxter.

WAVELAND PLAYERS — White House Secretaries practicing their song and dance number are, from left, David Bryan, Jeanne-Marie Bell, John Adams, Nancy Carson, Yvonne Chapman, Anthony Poffenberger, Janet Alme and Doc Hatton for the forthcoming Waveland Players presentation of "Of Thee I Sing" which opens Saturday at the Civic Center on Coleman Avenue.

Echoes

Paul Lewis, permanent secretary of the Odd Fellows Lodge 4740, Bay St. Louis, reports Miss Charlotte Morris of Waveland was recipient of a television set presented in connection with a lodge fund raising event. The Odd Fellows Lodge has eight members who are in the process of rebuilding their meeting hall destroyed by Hurricane Camille.

"Operations and hospital rooms cost a lot more than you think."

PRC opens basketball season November 11

After an outstanding 18-8 season last year, the Pearl River College basketball team is slated to begin this year's season at home against LSU, November 11.

Pearl River has four returning players from last year's outstanding squad; David Irving, Petal; Barry Arcement, Hancock North Central; David Mitchell, Petal; and Johnny Fells, Picayune.

"I expect all of these players to be leaders of the ball club," said coach Billy Holmes, "and they are all looking great."

Seven freshmen are adding color to the squad - All State Renee Brown, 6-0, Lafayette, Louisiana; Landry Cage, 6-3, Vacherie, Louisiana; John "Bo" Williams, 6-3½, Chesbrough, La.; Jeffery Newsome, 6-1, Prentiss, Steve Nunn, 6-5, Hancock North Central; Jeff Gray, 6-1, Picayune; and Gary Russ, 6-1, Picayune.

"The freshmen all look very good, and they are going to be

real assets to our ball club," Holmes said.

Renee Brown, Landry Cage, and Jeff Gray are all very quick; have good moves, and are good all-around. John Williams, Jeffery Newsome, and Gary Russ are good shooters with good percentages. Williams shot 61 percent last year, while averaging 19 points per game. Newsome also averaged 19 a game, and is expected to take the place of last year's shooting star Eric Rogers," said Head Coach Billy Holmes.

"We'll have basically the same type of ball club that we had last year - wide open, aggressive defensively, and out to win," Holmes continued. "Steve Nunn is going to be good on defense; he's aggressive and I expect him to

see a lot of playing time. We're still a questionable team, and I'm very pleased so far with our progress."

The Wildcats have had two scrimmages the past weeks, losing to Jones JuCo, but winning against Delgado.

Against Jones the River led through most of the game, but was surprised and unprepared when the Bobcats changed to a press defense. "They caught us off guard; we looked good until then, but the loss was nobody's fault but my own," replied Holmes.

Delgado gave the River a rough time, but the "Cats came out on top 89-88. "We executed well and worked out several problems," said Holmes, "and the season is going to be interesting, but we can't go all the way without a team effort."

SUPER EFFORT! Splendid Dennis Rhodes of the Bay High Tigers almost makes a spectacular grab of a high pass. The ball fell from the tips of Rhodes' fingers near the St. Stanislaus goal line. Defending on the play is David Caserta for the Rock-A-Chaws. The Rocks won the Friday night football game, 12-6, thus claiming the title of county champions. St. Stanislaus tra-

vels to Pass Christian Friday to take on the Pirates in an important Pascagoula River Conference game. The Pirates are 3-4 while the Rocks are 6-2 for the year. Bay High will try to get back on the winning track, hosting the St. Martin Yellow Jackets. Kickoff for both contests is set for 7:30 p.m. (Staff photo-Randy Ponder)

SPORTS

Track's leading jockey is 14-year-old girl

Boatright takes seven at Oak Downs Sunday

PEARL RIVER — JoAnn Boatright, Oak Downs' leading jockey, showed Sunday why she is in that position.

The 14-year-old from Cantonment, Fla., won seven of the eight races held. Her performance gives her 449 victories in 87 starts since Oak Downs re-opened in June.

The only race she lost was in the second when Glenn

Spiehler, a steady rider at Jefferson Downs and the Fair Grounds, was victorious in a 350-yard contest featuring three horses.

In one of the most unusual races witnessed at Oak Downs, JoAnn gave her backers a scare by pulling up her mount, Gim Doy, in the ½ mile fifth race after Run For Shelter failed to come out of the starting gate for several

seconds.

Gim Doy took a big lead over the late-breaking opponent, but suddenly on the backstretch Gim Doy started slowing and Run For Shelter caught up and took the lead.

However, the lead was short-lived, as JoAnn kicked Gim Doy into gear, regained the lead and went on to a four-length win.

JoAnn said she thought the other horse had not come out of the gate and eased her mount before realizing Run For Shelter was closing fast.

JoAnn also was aboard the winners in the two races that attracted the most interest. She guided Omega Diana, owned and trained by John Paul Amacker of Poplarville, Miss., to victory over Talley by three-quarters of a length in the 250-yard sixth race.

JoAnn also rode her father's Smoke Stack to a victory by a neck over Marle's Boy in the 350-yard eighth race.

SUNDAY'S RESULTS:

1) Three-eighths mile, Doctor Lee, :39.3 seconds, Jessie Lee, owner; John Paul Amacker, trainer; JoAnn Boatright, jockey. Terry's Prince, second.

2) 350 yards, Betsy's Goal, :19.0, Red Crowe, owner and trainer; Glenn Spiehler, jockey. Kevin, second. I'M A Question Mark, third.

3) 300 yards, Little Knot, :17.5, Buck Pierce, owner; Ed Cooper, trainer; JoAnn Boatright, jockey. Rocket, second.

5) ½ mile, J. J., 1:07.5, Robert Crowe, owner and trainer; JoAnn Boatright, jockey. Choice Lass, second.

5) ½ mile, Gim Doy, 1:12.0, Bruce Penton, owner; Bill Harris, trainer; JoAnn Boatright, jockey. Run For Shelter, second.

6) 250 yards, Omega Diana, :14.0, John Paul Amacker, owner and trainer; JoAnn Boatright, jockey. Talley, second.

7) 400 yards, Bo Rimbo, :22.0, Joe Boatright, owner and trainer; JoAnn Boatright, jockey. J. R., second.

8) 350 yards, Smoke Stack, no time recorded, Joe Boatright, owner and trainer; JoAnn Boatright, jockey. Marle's Boy, second.

Intramural volleyball, ping pong underway at 'The River'

The PRC intramural program includes seven more activities through the remainder of the semester.

Flag football ended Thursday, October 13, with the Space Cadets claiming first, Shane's Gang second, Huffs Hurricanes third, and the Rescuers fourth.

"We didn't have as many teams as I would have liked, but all did a very good job," said Harvey Seligman, intramural director.

"The quality of play was very good and I was well

pleased with the officiating."

Volleyball began October 20, and is to be played every Monday and Thursday. Elimination is double-round robin and the championship game will be played December 4, if necessary.

Table tennis began October 21 and is single-round elimination.

Co-recreational tennis, handball, volleyball, badminton, and table tennis are all scheduled for this semester and will be single elimination finishes.

Basketball and softball are to be the big events of the spring semester, and more equipment is being ordered to fulfill the needs of the many students expected to take part in these activities.

"We expect a lot of participation in the events coming up, and I hope everyone at PRC will take advantage of our programs," said Seligman.

"The events will be advertised a week in advance - we play for everyone to be informed of them."

Lady Wildcat cagers open against LSU

The girls' basketball team at Pearl River College faces many challenges and hardships, but according to Coach Billy Holmes, "can be a good team if a few things change."

The squad has eight sophomores returning and five freshman recruits. "We've got some experience this year," said Holmes, "they know my ways, and have lots of potential and leadership."

Returning sophomores are Nita Boudreaux, Faith Harrell, Lisa Douglas, Brenda Young, Lawana Johnson, Janet Williams, Penny Prince, and Leslie Williamson.

Freshman Shelly Dedeaux, Glenda Gardner, Jennifer Ramshur, Tedia Hookfin, and Rosemary Lofton are expected to "add depth, speed, and shooting percentage to the squad."

"We have good freshman recruits this year," said Holmes, "They're quick, good shooters, good percentages, and will greatly benefit the season."

"We have the potential of a very good team, but the team has to believe - the spirit has to be there, and everything will be fine."

The Lady Wildcats have lost two scrimmages; one to Jones and one to William Carey 65-57, but according to Holmes "we showed vast improvement on things we have been working on. We're very aggressive defensively, man-to-man, and we looked good."

"The squad had a good start, and if attitudes and a team effort is achieved, a girls' winning basketball program will begin here at Pearl River Junior College." November 11 will mark the date for the Lady Wildcats' opener - slated to begin with LSU here at PRC.

"We have good freshman recruits this year," said

Jr. Auxiliary changes tennis tourney date

A Junior Auxiliary Ladies Doubles Tennis Tournament, slated for Tuesday was postponed due to inclement weather.

The event has been rescheduled for 9 a.m. Thursday, Nov. 6 at Diamondhead's Tennis World, according to Mary Perkins, auxiliary president.

For further information on the tournament, call Ann Heitzmann, 487-2575.

USM SENIOR MAID — Helen Haddock, daughter of Mr. and Mrs. William H. Haddock of Bay St. Louis, has been chosen Senior Maid on the homecoming court at the University of Southern Mississippi. The court will be presented at the Nov. 1 homecoming game against Lamar University. Haddock is a senior majoring in elementary education. She is a member of Chi Omega social sorority and a Kappa Sigma Starduster. (Photo courtesy of USM)

CLUB CHAMPION — Earlene Russo of the Diamondhead Women's Golf Club displays the trophy she won recently in the club championship. Runner-up and closest-to-hole winner is Dusty McRee. Other winners include: Consolation Flight - Doris Wattgney, winner; Lee Arnold, runner-up; and Margaret Price, low putts and tourney medalist. First Flight - Ida Mae Snow, winner; Char Hanson, runner-up. First Flight Consolation - Eva Bond, winner; Mille Rubin, runner-up; and New-Fellman, putts. Second Flight - Sylvia Fross, winner; and Pat Sexton, runner-up and low putts. Field Day - Corinne Lader, winner. (Photo courtesy DWGC)

Wildlife Department reports hunt season openings, closings

Mississippi archery hunters will have to settle for a brief reprieve in their favorite season Thursday, Oct. 30, as the first bow season for deer ends, according to Mississippi Department of Wildlife Conservation.

The second archery season opens the next day, Nov. 1, and extends through Nov. 19. The state's first goose season also closes Nov. 1.

As usual for many weekends through the fall and winter months, Saturday, Nov. 1 will be another big event for state sportsmen. Hunters in southeast Mississippi will take to the woods as the squirrel season in zone III gets underway, making the entire state open for squirrel hunting.

Counties in zone III include: Lauderdale, Clarke, Wayne, Greene, George, Jackson, Harrison, Stone, Perry, Forrest, Jones, Lincoln, Lamar, Pearl River, Hancock, Marion, and Jefferson Davis.

The season in these areas will remain open through Jan. 25. The bag limit on squirrels is eight per day. Hunters are

reminded they may hunt squirrels with unplugged shotguns.

Many dog hunters will head for the woods with their favorite canine Nov. 1 as raccoon season gets underway.

Law enforcement officials at the Department of Wildlife Conservation remind sportsmen that this season is only for hunting raccoons with dogs and gun. The animals may not be trapped for their pelts until

Dec. 1. The bag limit on raccoon is one per day and two per party. The possession limit is two.

The season on opossum also opens Nov. 1. Considered by many shooters as an underhunted species, opossum may be hunted through Feb. 8, with no restrictions on bag limit. Shooting hours on all legal game species, except migratory birds, is one-half hour before sunrise until one-half hour after sunset.

sports shorts

FAIR RUN WINNER

The Washington Parish Fair 10,000 Meter Run was held on Oct. 18 in Franklinton, beginning on the Washington Parish Fairgrounds.

A field of 52 runners braved poor weather conditions and negotiated the 6.2 mile course in a steady downhill.

The over-all winner for this year's race was Don Leedy of Destrehan, La., who negotiated the course in 34

minutes 5 seconds, breaking last year's record-setting time of 34 minutes, 30 seconds.

CONTEST WINNERS

Winner of last week's Sea Coast Echo football selections contest is Leslie Ann Stachle of 123 Melody Lane, Bay St. Louis. She picked 12 winners out of 12 choices. Second place went to Karen Lader of 525 deMontuza St., Bay St. Louis who picked 11 winners.

OUTDOOR
TOPICS
by Bob Brewster

SO YOU WANT TO FLY?

One of the reasons people are fascinated by birds is admiration of the ability to fly.

Some observations from Mercury outboards' outdoor recreation staff will add to your knowledge of birds and will be interesting to recall the next time you wish you were soaring in the sky.

Birds have five distinct physical features which enable them to fly.

Of prime importance is the light weight of a bird's body. Feathers take the place of thick skin. Bones are small and hollow, and birds lack the heavy jaw and teeth most other creatures have.

Streamlining plays an important role in flight. Birds have

overlapping, smooth feathers and fly with their legs drawn up. This creates an aerodynamic shape which has little wind resistance.

Wings and feet control the direction and rate of flight. Slight movement of the wings can alter direction while lowering or raising the legs can slow or speed the rate.

Birds need power to fly just as man must power his flight machines. This is accomplished naturally by a combination of increased heart rate and oxygen intake during flight, plus an energy-rich diet composed mostly of seeds and insects.

Birds develop a high body temperature during flight and maintain this at a steady rate as long as they are active.

Finally, birds have to be quick on the wing. Large eyes and a fast-reacting brain give a bird visual acuity and rapid control of nerve impulses which aid in flight maneuvers.

Pooch of the Week

Among animals available for adoption this week free to good homes through the Bay-Waveland Humane Society are an all-white, eight-week-old female poodle-terrier puppy which has had all necessary shots; two all-black, six-week-old male kittens; and a black-gold-white, six-week-old female calico kitten. For information, call 467-9494.

HNC, Tigers to replay 20-year-old rivalry

The 1960 overall state champion Hancock North Central basketball team and the Bay High Tiger squad of the same year will stage a not-too-instant replay of their heated encounter that season 20 years ago.

The Tigers were one of only four teams to beat the champion Hawks of that year. The rematch will be contested in the HNC gymnasium with tipoff at 7 p.m. Saturday, Nov. 8.

The event is being sponsored by the 1981 Hawkettes, HNC's girls varsity basketball team who will be introduced prior to the game.

Tiger coach for the fray will be Wilmer Seymour.

Bay High players include Ronnie Peterson, Tommy Godwin, Woody Allison, Teddo Thomas, Larry Breland, Richard Schaefer, Greg Necaise, Paul Miller, Wayne Givens and Mark Wilkerson.

The 1960 Hawks include John Necaise, Barney Necaise, Wayne Necaise, Donald Necaise, Douglas Necaise, Berlin Necaise, Calvin Shaw, McCoy Peterson, Darryl Ladner, Donald Ladner, O. J. Peterson, Howard Ladner and Coach James Johnson.

BOATING
TOPICS
by Bob Brewster
MERCURISER OUTBOARD CONSULTANT

EFFICIENT BOAT PERFORMANCE

Propeller choice and condition are important factors in getting efficient performance from your boat.

In a general sort of way, the diameter, pitch and blade area of a propeller can realistically be compared to the transmission and rear axle ratios of a car.

When on the highway you get the best results from a car's engine by shifting gears.

While you don't shift gears in the same sense when power-boating, you can select a "top gear" to suit your particular boat and operating conditions just by using the most suitable propeller.

An experienced marine dealer will have reference material in his office to help you choose from among the many different

propellers available for any particular outboard motor or stern drive.

If you're a lake or bay fisherman, you may carry a heavy load and make frequent, rather short runs.

An "accelerating" prop could help your rig get going and make the short runs to best advantage.

But if you and a buddy make long trips with a light load, a "speed" prop might be able to plane out your light rig satisfactorily and pay off in more miles per gallon.

The MerCruiser stern drive boathouse crew emphasizes that propeller condition is also important.

Nicked and battered blades rob power and reduce prop efficiency. You can fix mild irregularities with a file and abrasive paper.

But if in doubt as to how much metal you can remove without upsetting prop balance, consult your dealer's service department.

Wildcats regain respectability with 24-16 homecoming victory

Pearl River College's 24-16 homecoming win over the Southwest Bears here Saturday night just may have been one of the most emotional and needed victories ever for a PRC Wildcat football team.

All week long questions were being asked - What's wrong with the Wildcats? Are they finished for the season? Do they have enough pride and talent left to salvage a winning or break-even season.

Here in Poplarville and across the district, most coffee shop talk was usually centered on the USM-Alabama contest in Tuscaloosa and the problems facing the PRC Wildcats.

"I Believe" buttons, signs and stickers were everywhere in support of the Golden Eagles and their quest against the Bear and the number one-ranked Crimson Tide.

For the Wildcats the story was entirely different. The "I Believers" for the PRC Maroon and Gold were almost non-existent.

However, while the USM Eagles faced reality in their 42-7 loss to Alabama last

Saturday, just maybe the Wildcats have become the "I Believers" here in South-

Mississippi with their 24-16 defeat of the Southwest Bears.

Of course, the magnitude of the event here in Poplarville camp no where close to the blow-out between USM and Alabama, but the results here Saturday may have been as important to Pearl River College as the Bear and Alabama.

For years Pearl River football has been the pride and distinction of this pioneer Mississippi junior college.

In the junior college circles PRC has always been a winner on the gridiron.

Most of the time big winners. In fact, since 1922, the Wildcats have put together only two losing seasons - one back in 1966 and the other in 1978.

This is why the Wildcats' excellent performance here Saturday night may have been a game that will keep the 1990 team out of the record books.

When the Wildcats entered the contest they were sporting a 3-4 overall ledger with just three games left.

It does not take too much of a mathematician to see that if the Wildcats were to have a winning season (6-4) they would have to win their remaining three contests. For

a break-even season the magic number was two out of three.

Now, to save unwanted notoriety the Wildcats must win two out of two or split the next two contests against Co-Lin and Northeast.

"The enthusiasm of the players and fans was the difference here Saturday," said J. C. Arban, the Wildcats' head coach. "Our players now believe in themselves and the fans obviously believe in them too."

Arban again commented on the atmosphere of the homecoming contest. "The student and fan support was so important. It inspired the players and gave us the confidence we needed."

Bob Colette, a freshman tailback from Cecelia, La., is the player who actually turned things around for the 'Cats. The 5-7, 180 pound hustler ran with the most determination of any Wildcat back all season.

His second and third efforts allowed him to rack up 224 yards on 19 carries.

Colette personally carried the ball in for one score and delivered the old pigskin down to the seven yard line, which set up another seven points. Colette's hustle ignited

stellar performances by defensive stars Kelvin McLemore, David Dearman, Woodroe Duckworth and Mark Griffith.

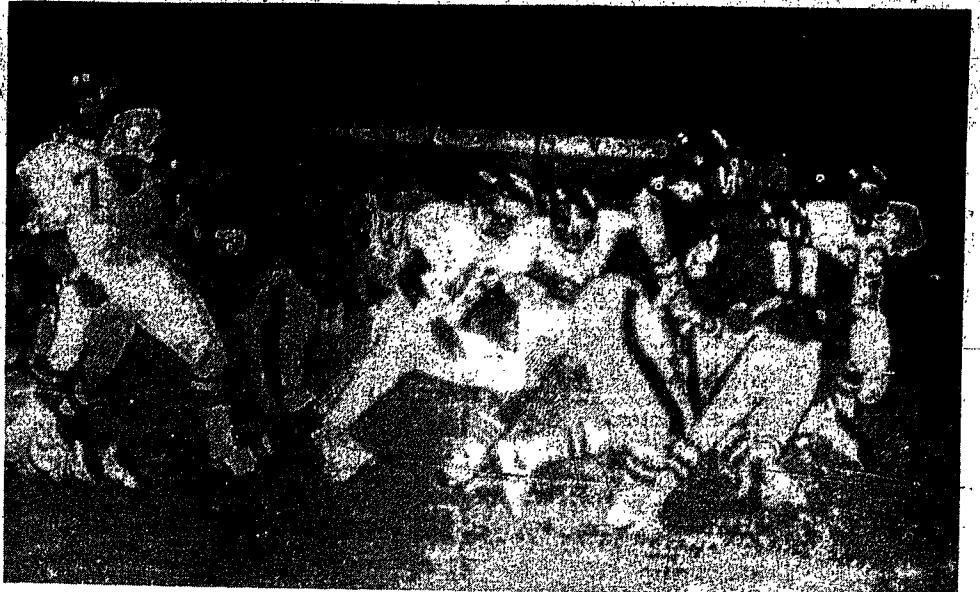

"I gave the Player of the Week award to the entire team," said Arban, "with Colette getting special recognition. He did a heck of a job." The Wildcats amassed 430 yards, which included 21 first downs.

"It's just like starting over," Arban said, "however, we only have a two game season."

Saturday night the Wildcats face the Co-Lin Wolves at Weason. "The Wolves are a very strong team," Arban said, "and they'll be even tougher on their home turf."

Pearl River's return to respectability will not come easy. After Co-Lin the Wildcats must face the Northeast Tigers here in the Doble Holden Stadium. The Tigers are undefeated and have been rated by the J. C. Gridwire as the number one team in the nation.

"We have renewed confidence and faith in one another," Arban said. "The next two weeks are very important to Pearl River College football."

HORNET HANDOFF — East Central Quarterback Stacy Turner, No. 15, hands off to Hornet Tailback Stan Simmons, No. 11, in a Friday night ball game in which the Hornets gained only 33 yards rushing to 320 by the Pass Christian Pirates. Moving in on the ball carrier are Pirates Donald Dedeaux, No. 75; an unlisted linemen, No. 45; Perry Halton, No. 44; and Ben Fields, No. 33. The Pirates improved their season record to 3-4 with the 22-0 win against East Central and are expecting to pull even for the year when they host St. Stanislaus Friday night in McDonald Stadium with kickoff at 7:30 p.m. (Staff photo by Edgar Perez)

Retired employees to meet in Gulfport

Members of the National Association of Retired Federal Employees Gulf Breeze Chapter No. 1571 will have their monthly meeting at the Holiday Inn on East Beach in Gulfport November 7 at 11 a.m.

Mr. and Mrs. Woodrow Owen will show a slide presentation of a recent trip by chapter members to California, New Mexico and the National Convention.

Chapter officers for 1991 will be elected at this meeting. Plans for a Christmas party will also be discussed.

"Retired federal civilian

employees, former employees eligible for a deferred annuity, persons receiving an annuity as the survivor of a deceased federal employee, widows and widowers of former retired federal employees, federal employees who have attained the age of optional retirement, and any federal employee with at least five years of service and who has reached the age of 50 are welcome to attend the luncheon meeting and join the Gulf Breeze Chapter," said Publicity Chairman Mildred Lawson recently.

PRC HOMECOMING QUEEN — Miss Sherie Ladner, a graduate of Hancock North Central and daughter of Mr. and Mrs. Kermit Ladner, was crowned Pearl River College's 1990 Homecoming Queen in Poplarville Saturday night in formal

coronation exercises before the PRC and Southwest football game. Miss Anne Dandridge of Poplarville, president of PRC Alumni Association, crowned Miss Ladner who was escorted by her father, right. (Photo courtesy PRC)

HOW TO PICKLE FISH

Looking for a new way to prepare the fish you catch? If so, next time you bring home a mess of keepers, pickle them.

Here, from Mercury outboards' fishing department, is a fish pickling recipe that provides a unique taste treat, using any kind of fish.

Scale it (leave skin attached), and clean the body cavity immediately when caught. Pack on ice but do not freeze.

At home, cut fish into bite-

size chunks and soak for one hour in a brine solution composed of 1 cup salt to 1 gallon water.

Cover with a clean plate to keep the fish immersed in the solution.

Drain the fish and place them in a tray. Cover with brine, made of 1/2-cup non-iodized salt and 1 quart white vinegar. Place the tray in a refrigerator and let stand one week.

Remove fish from brine, drain, then soak one hour in ice cold water and drain again. Fish will be firm and white.

Now pack fish in pint jars and pour over a boiling brine made as follows:

4 cups sugar
1 quart white vinegar or 1/2 quart vinegar and 1/2 quart white wine.

1/2 box pickling spice
You can cut onion slices and place them in the jars if desired. Seal jars and let them cool.

Fish prepared this way should always be refrigerated.

Pickled fish should stand several weeks before opening the jar to allow the flavor to develop.

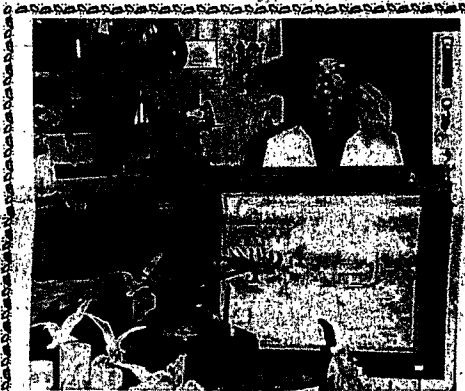

The longer you wait, the better it will taste.

ETV WINNERS

Three Mississippi ETV productions have received awards from the 1980 Chris Awards competition of the Columbus (Ohio) International Film Festival and from the Gabriel Awards competition sponsored by the Catholic Association for Broadcasters and Allied Communicators. 'A Bayou Legend,' William Grant Still's three-act opera co-produced for television by Opera-South, and 'Penywise,' an economic instructional series for youngsters, were recipients of the Chris Bronze Plaque Awards in their respective categories in the Ohio festival. 'The Land Where the Blues Began,' a documentary exploring the roots of the blues through black cultures in Mississippi, received an Honorable Mention from the festival.

PROMOTED — Alcan Cable Co. in Bay St. Louis recently promoted three of its employees. Employees promoted are, from left, John Schuhr of Long Beach to plant production superintendent, Harry Farve of Bay St. Louis to shipping supervisor, and Bill Hudson of Hattiesburg to shift supervisor.

Alcan promotes three

Alcan Cable Co. of Bay St. Louis recently announced the promotion of three employees. Harry Farve has been named shipping supervisor. He joined Alcan in 1979 as a machine operator, and most recently served as warehouse-shipping clerk. He is a life long resident of Bay St. Louis, and

a 1981 graduate of St. Rose DeLima High School. He also serves on the Bay St. Louis City Council.

John Schuhr of Long Beach has been promoted to plant production superintendent. He has been employed by Alcan for 12 years, transferring to Bay St. Louis in

1979 as a production supervisor from Alcan's Rocklin, Calif. plant.

Bill Hudson of Hattiesburg has been promoted to shift supervisor. He previously was shipping supervisor.

Plant Manager Alan McCaslin stated, "These opportunities for advancement have come about as a result of Alcan's growth and expansion of manufacturing capacity at Bay St. Louis."

Regarding Alcan's planned expansion, McCaslin added, "We anticipate hiring an additional 15-20 employees as our Phase II expansion comes on-stream in late 1981."

Military-surplus inflatables bought at surplus stores were of two types.

Some were intended for emergency one-time use as life rafts aboard ocean-crossing planes.

Others were big things for such uses as floats under pontoon bridges.

But the inflatables now being made and marketed for recreational use are vastly improved. While they are light enough to be quite portable, they're now tailored to the job. The term "rubber boat" isn't really accurate.

Many inflatables are now being made of assorted light but very durable fabrics that are more at home under the "synthetic" and "plastic" headings. Many models have stern brackets for mounting outboard motors.

The big advantage of the inflatable is, of course, that it is deflatable!

When not in use it can be deflated and rolled up into a rather compact size.

It's then easy to stow in car trunks, in camper and mobile

home lockers, in odd spaces aboard larger boats, and of course in the limited storage space available to apartment, condominium and mobile home dwellers.

According to reports from the Merc outboard boat testing crew, readying an inflatable for use has become a relatively quick, easy matter thanks to pumps built for the job.

Some are high-capacity, foot-operated models.

Others run from car or camper batteries and do the job for you effortlessly.

Inflatables now come in a surprisingly wide variety of sizes, styles and prices.

Kosbab receives underwriter award at Hawaii convention

Richard E. (Dick) Kosbab, recently of Bay St. Louis was awarded the professional insurance designation, Chartered Property Casualty Underwriter at national conference ceremonies in Hawaii.

AWARDED DESIGNATION—Richard E. (Dick) Kosbab, right, of Hancock Insurance Agency of Bay St. Louis receives his official designation as a Chartered Property Casualty Underwriter from G. Victor Hallman, dean of Examination of the American Institute for Property and Liability Underwriters of Malvern, Penn. Kosbab received the award at a recent Hawaii convention.

The conferment was in conjunction with an annual meeting and seminars of the society of CPCU. Kosbab is general manager of Hancock Insurance Agency in Bay St. Louis.

He and his wife Wendy reside at Bayou View Drive in Bay St. Louis with their children, Owen age 11, Salesha age 6, and Sheila age 3. The Kosbab family are members of St. Clare Catholic Church in Waveland.

He is a member of Independent Insurance Agents of America, director of Independent Insurance Agents of Mississippi, president of Independent Insurance Agents of the Gulf Coast, member of Mississippi Insurance Council, director of Hancock County Chamber of Commerce, director of United Way of Hancock County, past president of Bay St. Louis Rotary Club and 1980 United Way Campaign Chairman.

The CPCU Designation was awarded by the American Institute for Property and Liability Underwriters to 1,779 graduates nationwide who met rigorous ethical, examination, and experience requirements.

The American Institute for Property and Liability Underwriters is a non-profit educational organization formed by the property and liability insurance industry in 1942 to establish a program of professional education and certification for insurance industry personnel.

ROBERT K. DANIELS

Power company exec gains division post

Robert K. Daniels, Industrial Development Department manager of Mississippi Power Company in Gulfport, has been named manager of the Meridian Division by Victor J. Daniel Jr., chairman of the board.

Robert Daniels succeeds Robert C. Pierce who recently was elected vice president of Customer Services by Mississippi Power Company's Board of Directors. The management change will be November 1.

Daniels served since 1972 as manager of the Industrial Development Department at the company's Gulfport headquarters.

As head of the state's Industrial Development Department he directed and coordinated efforts in bringing new industry to Mississippi and assisted in industrial planning among state and local development agencies, chambers of commerce and other groups.

A native of Meridian, Daniels joined Mississippi Power in June 1955, after graduating from Mississippi State University with a B.S. degree in electrical engineering.

"Prior to his appointment as head of the Industrial Development Department, he held several engineering posts within the company in Gulfport."

He is past president of the Mississippi Industrial Development Council; a member of the Mississippi Association of Chamber of Commerce Executives, the

Industrial Research Council, Planning Council for Harrison County and CETA; and is past chairman of the Private Industry Council for CETA of Harrison County.

A Registered Professional Engineer, Daniels is a member of the Newcomen Society in North American and a recipient of the Carnegie Hero Award.

Representative addresses Gulf Coast group

The Gulf Coast Chapter of the State Employees Association of Mississippi met recently at the Sirloin Stockade Restaurant on Highway 90 in Long Beach.

"After an abbreviated business session the nearly 40 members present were privileged to hear a short talk by State Representative Jim Simpson of Long Beach," said Group Spokesman Ian Shearer.

"Representative Simpson explained the workings of the State Budget Commission and discussed the financial picture for the coming legislative session and fiscal year, especially how state employees were to be effected," he reported.

Crime prevention workshop planned

Some answers on how to protect business property and funds will be offered the business community of the Mississippi Gulf Coast at a workshop scheduled for 8:30 a.m. to 12 noon, Nov. 13, at the Gulfport Chamber of Commerce Building at 1401 20th Avenue.

Amos Crutch of the Small Business Administration in Biloxi said, "John E. Montgomery, executive director of the Gulf Coast Crime Commission will introduce the program and conclude it with a summary."

"Other speakers for the workshop and topics to be discussed will be 'Hiring Precautions' by Ralph Paz, psychological stress examiner of Ocean Springs; 'Problem Partners' by Larry Abrams, retired retail merchant of Pass Christian; 'Shoplifting and Robbery' by Capt. Charles Gillen of the Gulfport Police Department; 'Specific Incidents' by Charles Lohmeyer, retired department store manager of Gulfport;

'Who is Liable' by Rayford Jones, Gulfport attorney.

Also included on the program will be films highlighting shoplifting techniques," Crutch reported.

Advance registration may be made by writing SCORE Chapter 130, c-o Small Business Administration, 111 Fred Haise Boulevard, Biloxi, Miss. 38530 or calling 435-3876.

A \$5 fee covers all materials, publications and refreshments.

LEGAL NOTICES

THE STATE OF MISSISSIPPI
CHANCERY SUMMONS
CAUSE NO. 15,210

TO MARGIE MARIE SIMMONS,
who is a non-resident of the State of Mississippi and whose address is 221-5th Avenue, St. Petersburg, Florida 33701.

You are summoned to appear before the Chancery Court of the County of Hancock, in said State, on the Third Monday of February A.D. 1981, to defend the suit No. 15,210 in said Court of JOHN A. SIMMONS, wherein you are a defendant.

This 27th day of October A.D., 1980.
(SEAL)

E. MICHAEL NECAISE,
CHANCERY CLERK
BY: Sandra Rutherford, D.C.
10-30; 11-4; 11-13; 11-20-80

NOTICE TO BIDDERS

Notice is hereby given that the Mayor and Board of Aldermen of the City of Waveland, Mississippi, will on or before November 18, 1980, receive bids for the following:

Two (2) Composite Waste Water Sampler (ISCO or equal)
Specifications for the above available at the City Secretary's Office, Waveland City Hall, Waveland, Mississippi.

All bids must be filed with the Secretary of the City of Waveland on or before 7:30 P.M., November 18, 1980.

The Mayor and Board of Aldermen reserve the right to accept or reject any and all bids.

City of Waveland
Barbara A. Rappold, CMC
City Secretary
10-30; 11-4-80

**STATEMENT OF INTENT
TO DISSOLVE**

SUNSHINE ENTERPRISES, INC.
BY WRITTEN CONSENT
OF SHAREHOLDERS

To the Secretary of State
of the State of Mississippi

Pursuant to the provisions of Section 83 of the Mississippi Business Corporation Act, the undersigned corporation submits the following statement of intent to dissolve the corporation upon written consent of all its shareholders:

FIRST: The name of the corporation is Sunshine Enterprises, Inc.

SECOND: The names and respective addresses of its officers are:

Shan Shan Hsu, President, 3210 Ashlock Dr., Houston, TX. 77062;
Tran Ming Hsu, Secretary, 3210 Ashlock Dr., Houston, TX. 77062;
Tran Ming Hsu, Treasurer, 3210 Ashlock Dr., Houston, TX. 77062.

THIRD: The names and respective addresses of its directors are:

Shan Shan Hsu, 3210 Ashlock Dr., Houston, TX. 77062;
Tran Ming Hsu, 3210 Ashlock Dr., Houston, TX. 77062;
Omer Miller, 919 Highway 90 West, Waveland, MS. 39576.

FOURTH: The following written consent to dissolution of the corporation has been signed by all of the shareholders of the corporation, or signed in their names by their respective attorneys thereunto duly authorized:

Dated Sept. 30, 1980
(CORPORATE SEAL)
SUNSHINE ENTERPRISES, INC.
By Shan Shan Hsu
Its President
By Tran Ming Hsu
Its Secretary

STATE OF TEXAS
COUNTY OF HARRIS

I, Lynn F. Thibodeaux, a notary public, do hereby certify that on this 2nd day of Oct., 1980, personally appeared before me Shan Shan Hsu, who, being by me first duly sworn, declared that he is the President of the above named corporation, that he executed the foregoing document as the act of the corporation, and that the statements therein contained are true.

Lynn F. Thibodeaux,
Notary Public.
(NOTARIAL SEAL)

My commission expires 2-19-81.
We, the undersigned, being all of the shareholders of SUNSHINE ENTERPRISES, INC. do hereby consent to the dissolution of the corporation.

WITNESS OUR signatures, this the 30th day of September, A.D. 1980.

SHAN SHAN HSU
TRAN MING HSU
10-30-80

This Halloween...

Meet 'n Treat

As October 31 approaches, the anticipation of children across the country mounts. For this is the day they dress up in fanciful costumes and go knocking on neighbors' doors to receive delicious confections. But in all the excitement, it's easy for them to forget some common-sense safety rules.

The confectionery industry, wishing you and your family a safe and happy Halloween, suggests that you accompany your children as they go out treating. Visit houses in familiar territory, and remember that wrapped confections are best. Go out during daylight hours, if possible, making certain that your children's costumes permit adequate visibility and are also short enough to prevent tripping. And, be especially careful when crossing streets.

After the treating, return home for a "Meet 'n Treat" party to "meet" the neighbors and "treat" the kids. Decorate your house in keeping with Halloween, serve a variety of colorful holiday confections, and play traditional games, like bobbing for apples. Meet 'n Treat turns Halloween into a safe and fun celebration for young and old neighbors and family alike.

HALLOWEEN HORROR TRIP—The Mummy is among the "horrors" who will greet visitors to the Krewe of Triton's Den of Horrors on Coleman Avenue in Waveland which will be open from 7 p.m. till Thursday and Friday. (Photo by Ed Fayard)

State LD meeting set for November

Mississippi Association for Children With Learning Disabilities state conference will be in Jackson Nov. 20-21 at the Holiday Inn Downtown.

State President Austin Bunch will open the conference at 9 a.m. The keynote speaker will be Katherine Tillotson and Dr. W. Moore will speak at the noon luncheon from 12-1 p.m.

"Those attending will have the opportunity to participate in workshops between 1-4 p.m. exploring medical, teacher and parent roles," said local chapter president Marion Dalley.

"The conference will continue Nov. 21 at 9 a.m. with time to obtain pamphlets, articles and other technical papers which are designed to broaden knowledge and stimulate interest and discussion among those attending. Workshops start

again at 11 a.m. until 12 noon, then from 1 p.m. to 4 p.m. The conference will end at 4 p.m. on Friday, Dalley reported.

"I would like to encourage anyone interested in the local chapter of MACLD, or anyone interested in the learning disability program to attend this conference if possible to learn more about children with learning disabilities and how we can help them reach their fullest potential for the benefit of themselves and their community," Dalley added.

"Room rates at the Holiday Inn Downtown are \$33 for a single, \$38 for a double and there is also a \$15 conference fee. Anyone interested in attending this conference does not have to stay at the Holiday Inn Downtown," Dalley said. For more information call Dalley at 255-9267.

Mississippi governor campaigns for Carter

Governor William Winter has campaigned vigorously in recent weeks for the reelection of President Jimmy Carter.

Winter has participated in Democratic Party rallies in support of the president in Senatobia, Natchez, New Albany, Oxford, Booneville, Indianola, Lucedale, Biloxi and Hattiesburg.

This week he will participate in rallies in Starkville, Meridian, and McComb.

Over this past weekend Winter, along with several other southern leaders, participated in a campaign swing through a number of southern states in support of the president.

Winter, along with Governors Richard Riley of South Carolina and George Busbee of Georgia and U.S. Senator Sam Nunn of Georgia, campaigned for the President in Mississippi, Alabama, Florida, and South Carolina.

"President Carter has demonstrated an understanding of the needs of the people of this area of the country," and he has been highly responsive in meeting our needs," Winter said.

In reference to Winter's Mississippi by a number of cabinet members, Winter said, "I never saw a walking-around, live cabinet officer in

my life until Carter was elected president of the United States. Now in the first six months I was in office, we have had seven cabinet members come to Jackson," the governor reported.

Winter noted his appeal to the Carter administration for assistance in upgrading substandard housing in the state quickly resulted in the release of \$61.2 million in federal housing funds to upgrade substandard housing and provide an economic 'shot-in-the-arm' for the state's housing industry.

"Some people call this politics," but I call it good government — the kind of

governmental leadership that is responsive and benefits the people of Mississippi," the governor said.

"While the president may have drawn some criticism for his handling of some of the nation's problems he does not have knee-jerk reactions to what he thinks is a popular position. Carter has a great record in areas where he has had an opportunity to do something," Winter said.

"The responsiveness the president has shown to the needs of Mississippians is reason enough for us to support President Carter in his bid for re-election," Winter added.

Waveland resident receives award

Dr. Herbert C. Eppert Jr. of Waveland, who has served as acting director of the Ocean Science and Technology Laboratory of the Naval Ocean Research and Development Activity of the National Space Technology Laboratories since April 1977, has been honored with the Navy's Superior Civilian Service Award.

The award, a formal citation and silver medal, was presented to Eppert by NORDA's Commanding Officer Capt. Charles G. Darrell, on behalf of the Chief of Naval Research Rear Adm. A.J. Baciocco Jr. at special ceremonies at NSTL recently.

The Ocean Science and Technology Laboratory is the major component of NORDA which employs more than 100 scientists, engineers, and support personnel in ocean-related experimental and theoretical research. The laboratory accounts for a major portion of NORDA's annual operating budget of just under \$40 million.

"The Superior Civilian Service Award, which is one of the highest forms of recognition granted civilians by the Navy, cited Eppert for guiding the Laboratory during its formative and early growth phases and 'in establishing laboratory performance of exceptional quality as a standard,' a NORDA spokesman said.

"It is also recognized his exceptional professional abilities, his creativeness, leadership and dedication to duty, and his high personal principles have been in keeping with the highest standards of service to the

Department of the Navy," the spokesman added.

A native of Jacksonville, Florida, Eppert received his B.S. and M.S. degrees from the University of Florida and his Ph.D. from Tulane University.

Before coming to NORDA in 1976, he worked for the Naval

Oceanographic Office serving as an oceanographer in the Deep Ocean Survey Program and later as director of the Ocean Floor Analysis Division.

He and his wife Melanie live at 701 North Beach Blvd. in Waveland.

Local JP's to attend workshop

Justice court judges from George, Hancock, Harrison, Jackson, Lamar, Pearl River, Perry and Stone counties will attend a Traffic Safety Training Program Dec. 2, at Jefferson Davis Junior College in Biloxi.

"The training program is one of 10 statewide workshops sponsored by the Mississippi Judicial College, a continuing legal education activity of The University of Mississippi Law

Center, and is funded by the Governor's Highway Safety Program," a university spokesman said this week.

"The workshop will introduce the judges to traffic court cases, availability of prior records, and other information vital to a good traffic court system," the spokesman explained.

Registration will begin at 4:30 p.m. The program will begin at 5 p.m.

Military Mention

MICHAEL FITZGERALD Airman Michael L. Fitzgerald, son of Mr. and Mrs. Calvin V. Fitzgerald of Pass Christian, has been assigned to Sheppard Air Force Base in Texas, after completing Air Force basic training.

During six weeks of training at Lackland Air Force Base in Texas, Fitzgerald studied the Air Force mission, organization and customs and received special training in human relations.

In addition, he earned credits toward an associate degree in applied science through the Community College of the Air Force.

Fitzgerald will now receive specialized instruction in the aircraft maintenance field.

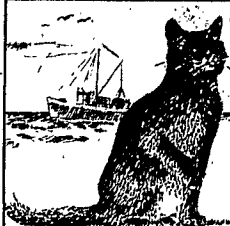

GEORGEY POINDEXTER Marine Lance Cpl. Gregory D. Poindexter, son of David L. and Laurie O. Poindexter of 974 S. Beach Blvd. in Bay St. Louis, has been awarded a 'Meritorious Mast' while serving with 1st Marine Airwing, Marine Corps Base, based in Okinawa.

A Meritorious Mast is official recognition from a Marine's commanding officer for superior individual performance.

It is issued in the form of a bulletin published throughout the command, and a copy is entered in the Marine's permanent service records.

Poindexter joined the Marine Corps in November 1977.

CAT CHAT

FISHERMAN'S FRIEND

A BLACK CAT IS BELIEVED TO BRING GOOD LUCK IN BRITAIN. ON THE YORKSHIRE COAST IT IS THOUGHT THAT FISHERMEN WILL RETURN SAFELY IF THERE IS A BLACK CAT IN THEIR HOUSEHOLD.

LONGEVITY

CATS, LONGEST-LIVED OF ALL SMALL DOMESTIC ANIMALS, HAVE AN AVERAGE LIFE SPAN OF 12 TO 16 YEARS, BUT MANY LIVE WELL INTO THEIR 20'S.

FEEDING TIP

DRY CAT FOOD IS IDEAL FOR TRAVEL; IT IS FULLY NUTRITIOUS AND IT NEVER SPOILS. REMEMBER TO OFFER WATER FREQUENTLY.

ATTENTION MOTOR VEHICLE OWNERS

TO ALL MOTOR VEHICLE OWNERS WHOSE LICENSE PLATE DECALS EXPIRE IN OCTOBER. YOUR BILLING WILL BE MAILED TO YOU DURING THE FIRST WEEK OF OCTOBER. YOU MAY PURCHASE YOUR NEW DECAL BY USING THE SAME RETURN ENVELOPE WITH YOUR REMITTANCE. THESE DECAL SALES MAY BE HANDLED BY MAIL. IT WILL NOT BE NECESSARY FOR YOU TO COME TO THE OFFICE UNLESS YOU SO DESIRE. YOU ARE REMINDED THAT ONLY ONE DECAL WILL BE ISSUED, AND THAT IS THE YEAR (81), A MONTH DECAL (OCT.). WILL NOT BE ISSUED AS YOU WILL CONTINUE TO USE THE SAME MONTH INITIALLY ISSUED. OCTOBER DECALS MAY BE PURCHASED UNTIL NOVEMBER 15TH, WITHOUT PENALTY. (THIS PENALTY OF 25 PERCENT MUST APPLY FOLLOWING THE 15TH OF NOVEMBER.) IF YOUR VEHICLE HAS AN OCTOBER REGISTRATION, AND YOU DO NOT RECEIVE YOUR BILLING BY OCTOBER 15TH, I SUGGEST THAT YOU CALL THIS OFFICE. IF THERE IS A MISTAKE ON YOUR BILLING, (NAME, ADDRESS, TAXING DISTRICT) - PLEASE CALL THIS TO OUR ATTENTION. IF YOU NO LONGER OWN THE VEHICLE FOR WHICH YOU ARE BILLED SIMPLY DESTROY THE BILL. THOSE OF YOU WHO HAVE PURCHASED A VEHICLE, FROM AN INDIVIDUAL IN THIS COUNTY, WHOSE DECAL EXPIRES IN OCTOBER WILL NOT RECEIVE A BILL. PLEASE CALL THIS OFFICE AND WE WILL MAKE A BILL FOR YOU.

THIS OFFICE IS INTERESTED IN ASSISTING YOU IN THIS MATTER, WITH THE LEAST AMOUNT OF INCONVENIENCE. IF YOU NEED FURTHER ASSISTANCE PLEASE BE ASSURED OF OUR COOPERATION.

EDWARD D. MURTAGH, JR.

TAX ASSESSOR - TAX COLLECTOR,

HANCOCK COUNTY, MS.

Bell enters sales market

South Central Bell Telephone Company recently announced that it plans to sell selected home telephone equipment in Mississippi.

Rates have been approved for a new Design Line telephone, the Americana Edition Circa 1882, a solid oak replica of the first telephone manufactured by Western Electric for the Bell System in 1882. It is the first phone to be sold outright by the Bell System.

The Americana Edition will be a limited offering of only 100,000 sets nationwide, commemorating the first Bell System telephone commissioned from Western Electric in 1882.

The phone has been certified as an antique replica by the Henry Ford Museum, Dearborn, Mich., and purchasers will receive a certificate attesting to its authenticity. The telephone also includes a plaque describing it as a commemorative edition of the 1882 magneto telephone.

Franklin Kyle Jr., District Manager for South Central Bell, noted the tariff filing calls for a single, uniform price for the product nationwide.

"We think this is the true meaning of retailing, an arena we're entering for the first time," Kyle stated.

A price of \$429 has been approved for the Americana Edition.

The Americana Edition telephone will be available through some 31 PhoneCenter Stores and Bell business offices throughout Mississippi. All of Bell's Design Line telephone products are expected to be included in the sale program in November.

Kyle said, "Research into the home communications market shows a significant number of people want to own their own telephone equipment. This move on our part indicates our desire to be responsive to customer needs."

Historically, South Central Bell has retained ownership of

communications products, providing them to their customers at a monthly rate. Bell Design Line telephones were formerly offered under a format in which the customer purchased only the housing or shell of the telephone, with the telephone company retaining ownership of the working parts and responsibility for continuous maintenance.

"With the Americana Edition now and other Design Line phones later, the customer will purchase the entire instrument, both housing and working parts. We'll also be offering a maintenance agreement for the working parts which will go into effect upon expiration of the warranty period," Kyle explained.

"Obviously, we will be considering further additions to the sale line in the future," Kyle said.

Other Bell equipment will continue to be offered under the existing monthly payment arrangement.

Holmes represents local Girl Scouts at conference

Alice Holmes of Bay St. Louis was one of 18 members of Gulf Pines Girl Scout Council who represented their local Girl Scout organization at a recent national program conference in New Orleans.

Adults and girls attended with teenage Cadettes and Senior Girl Scouts making up about one fifth of those attending.

Gulf Pines Council representatives were Kitty Reid of Hattiesburg; Jean Wood and Larrin Saucier of Gulfport; Kathy Craven of Laurel; Wanda Broome of Purvis; Betty Pizinski of Ocean Springs; Mary Shelton of Petal; Carol Waddell, Cheryl Greer and Virgie Buschman all of Pascagoula; Rose Nelson, Patricia Nelson, Rose Knoch, Hazel Fortwood, Betty Seal, Cindy Little, and Barbara Dees, all from the Gulf Coast; and Holmes.

The conference theme "Where The Future Begins: Girl Scouting in the '80s"

offered an overview of the totally revised and updated program for Girl Scouts age six through 17.

"Some of the newest developments introduced were a Girl Scout Gold Award for girls of exceptional achievement, a handbook for Cadette and Senior Girl Scouts and 76 forward-looking badges for Junior Girl Scouts to earn," said Assistant Executive Director Kitty Reid recently.

"Highlights of the three-day event included a gala international luncheon on the second day and a workshop conducted by personnel of the Children's Television Workshop entitled "Television As A Resource: 3-2-1 CONTACT As A Model." This presentation demonstrated how 3-2-1 CONTACT, an educational television show produced by CTW, related to several of the new Girl Scout badges," Reid explained.

"An honored special guest at the conference was Lady Price of Australia, who chairs the World Committee of Girl Guides and Girl Scouts. In this capacity, she leads an international youth movement with members in 98 countries," Reid reported.

"The last day of the conference was devoted to group meetings on the topic, 'Where Do We Go From Here?' These meetings provided a forum for discussing future possibilities and directions in Girl Scouting, she said.

"The national program conference in New Orleans is one of 10 scheduled during October and November in cities from coast to coast. Registrations for the series were received from all 340 local Girl Scout councils in 50 states, the District of Columbia and Puerto Rico. Guam was also represented, as was North Atlantic Girl Scouts, which serves U.S. Girl Scouts residing in foreign countries," Reid reported.

Keesler units return from NATO exercise

Members of the 7th Airborne Command and Control Squadron, 3380th Avionics Maintenance Squadron and

the 3380th Field Maintenance Squadron at Keesler Air Force Base in Biloxi have recently returned from Germany where they participated in Cold Fire '80 last month.

"Cold Fire '80 was an integral part of a North Atlantic Treaty Organization exercise of land and air forces conducted by Headquarters Allied Forces Central Europe," a Keesler spokesman said.

"Air elements from Canada, Germany, the Netherlands, Britain and the United States participated, the spokesman reported.

"The Keesler unit (7th ACCS) maintained surveillance of the battlefield areas, providing command and control services between air and ground forces. It was the first time in history that a 7th ACCS team had exercised its unique mission in conjunction with Britain, the Netherlands and Canadian armed forces," the spokesman explained.

"Based out of Zweibrücken AB, Germany, the 7th ACCS team worked in conjunction with the Second and Fourth Allied Tactical Air Forces of the European Theater," the spokesman added.

PUBLIC NOTICE
TO: FRITCHARD OIL COMPANY, AND ANY AND ALL PERSONS HAVING OR CLAIMING ANY RIGHT, TITLE, OR INTEREST IN AND TO THE HEREINAFTER DESCRIBED PROPERTY.

Notice is hereby given that a Public Hearing will be held in the City Hall of the City of Bay St. Louis, Mississippi, at 7:00 p.m., on Tuesday, November 4, 1980, to determine whether the following described property should be adjudicated a menace to public health and safety of the citizens of the community:

Lot 247, 248, and 249, Second Ward, City of Bay St. Louis, Hancock County, Mississippi (corner of Union Street and Necaise Avenue) or parts thereof.

Fritchard Oil Company is listed as the record owner of said property on the tax rolls of the City of Bay St. Louis. Fritchard Oil Company and any interested persons should attend.

Published by order of the City Council dated October 7, 1980.

10-16; 10-23; 10-30; 11-6-80

NOTICE OF SUBSTITUTED TRUSTEE'S SALE OF LAND

WHEREAS, Michael Pollidon and wife, Jane Pollidon, executed that certain Deed of Trust to Gerald C. Gez, Trustee for the use and benefit of Marie F. Mabry, dated October 25, 1978, filed for record in the office of the Chancery Clerk of Hancock County, Mississippi on October 30, 1978 at 9:45 a.m. and recorded in Deeds of Trust Book 213 at Pages 832-835; and

WHEREAS, Marie F. Mabry appointed and substituted ROBERT H. WALKER by Substitution of Trustee as was her right so to do under the terms of said Deed of Trust. Said Substitution of Trustee being dated November 1, 1979 and recorded in Deeds of Trust Book 223 at Page 855 of the aforesaid county; and

WHEREAS, default having been made in the terms of said Deed of Trust and the entire debt secured having been declared due and payable in accordance with the terms of said Deed of Trust and the legal holder of said indebtedness, Marie F. Mabry, having requested the undersigned Substituted Trustee to execute the trust and sell said land and property in accordance with the terms of said Deed of Trust for the purpose of raising sums due thereunder together with attorney's fees and expenses of sale;

NOW, THEREFORE, the undersigned Substituted Trustee, pursuant to said authority and the request so made does hereby give notice that he will sell during the legal hours (between the hours of 11:00 a.m. and 4:00 p.m.) on the 1st day of October, 1980, at the Main Door of the Hancock County Courthouse, Bay St. Louis, Mississippi, for cash to the highest and best bidder, the following described land and property being located and situated in the County of Hancock, State of Mississippi, and being more particularly described as follows, to-wit:

LOT 12, SHADY OAKS ESTATE, being a subdivision of part of Lots 12, 13, and 14, of the division of J. B. Necaise Claim, Township 7 South, Range 14 West, Hancock County, Mississippi, as per the official plat on record in Book 2, Page 49, in the office of the Chancery Clerk of Hancock County, Mississippi.

TITLE TO THE ABOVE described land and property is being sold "as is" and will convey only what the same is vested in me as Substituted Trustee.

WITNESS MY SIGNATURE, and the 28th day of September, 1980.

ROBERT H. WALKER

Substituted Trustee

10-16; 10-23; 10-30; 11-6-80

NOTICE OF INTENTION OF BOARD OF EDUCATION OF COPIAH COUNTY, MISSISSIPPI, TO SELL LIEU LANDS LOCATED IN HANCOCK COUNTY, MISSISSIPPI

Notice is hereby given by the Board of Education of Copiah County, Mississippi, of its intention to sell the following State Lieu Lands in Hancock County, Mississippi, in accordance with the provisions of Section 29-3-15 to 29-3-25 of the Mississippi Code of 1972, as Amended, to-wit:

TRACT I: W 1/4 of NW 1/4, West 13-20 chains of the SW 1/4 of SW 1/4 of Section 4, Township 5 South, Range 15 West, Hancock County, Mississippi, containing 106.67 acres.

TRACT II: S 1/4 of NE 1/4 of NE 1/4 of Section 5, Township 5 South, Range 15 West, Hancock County, Mississippi, containing 100 acres.

LESS AND EXCEPT all oil, gas and other minerals in, on and under said land.

All interested parties desiring to purchase said land may secure applications therefor from the Public Lands Division, Secretary of State's Office, Jackson, Mississippi, 39205, or the Superintendent of Education's Office, Copiah County, Mississippi, Hazlehurst, Mississippi, 39043.

On receipt of an application to purchase said lieu lands, the Lieu Land Commission of the State of Mississippi will appoint a competent appraiser to appraise said land for the purpose of establishing the fair market value thereof. Based on said appraisal, the Lieu Land Commission of the State of Mississippi and the Board of Education of Copiah County, Mississippi, will determine whether or not the amount offered represents the fair market value thereof, and if so, said land will be sold to said applicant.

In the event there is more than one application to purchase said land which exceeds the fair market value thereof, then and in that event the highest and best bid received will be accepted.

If a bid for said land is approved, the State will issue its patent to the successful bidder which will reserve all oil, gas and other minerals in, on and under said land and be made subject to any oil, gas and mineral leases in effect covering same.

This 8th day of October, 1980.

BOARD OF EDUCATION OF COPIAH COUNTY, MISSISSIPPI

County Agent's Notes

by John Smith

SOYBEAN SEED SHORT

It looks like high quality soybean seed for 1981 crops is going to be scarce and rather expensive. Hot, dry weather this summer has resulted in

both poor yields and small, lightweight seed in many of our fields.

If you do have a field or two that has received water and is maturing normally, it might

not be a bad idea to harvest these for next year's seed. Top quality seed will come at a premium next spring.

On all crops, make sure the combine is adjusted properly to avoid loss of smaller, lighter seed.

SUBSOIL FOR PROFITS

After harvest is a perfect time to subsoil croplands with traffic pans. A good job of subsoiling will reduce erosion and often nematode problems, in addition to increasing yields.

Subsoiling this fall should be particularly effective because dry soils permit greater shattering of hardened layers.

STOP BRUCELLOSIS

Although the new brucellosis eradication program won't go into effect until January 1982, our cattlemen need to act now to bring herds in compliance with the new regulations and assure the best marketing opportunities for their cattle.

Nationwide, brucellosis costs cattlemen about \$56 million annually in losses. We're particularly concerned about the disease in Mississippi, because the state ranks third nationally in incidence of infected herds.

To sell breeding cattle in Mississippi livestock markets or by private sale, a cattleman will have two choices to meet the regulations. First, he can have his entire herd certified

free of brucellosis by completing two negative complete herd tests 10 to 14 months apart. The entire herd must be retested yearly to maintain certified free herd status.

The second choice is to have two negative tests on breeding animals the cattleman intends to sell at an interval of not less than 60 days. The tests must be performed before sale of the animals.

No tests are required for calf-hood vaccinated herifers less than 24 months old from herds of unknown status, unless they are near calving or have calved. All animals not meeting one of these requirements must be sold to slaughter or to a quarantine feedlot.

For more specifics on the brucellosis program, contact the county Extension office or your veterinarian.

EMERGENCY LOANS

If you had a 20 percent production loss in a crop because of the drought, you may qualify for an emergency loan from the Farmers Home Administration. Farmers Home Administration declared every county in the state eligible for the loans, which will be available from seven to 20 years at 5 percent interest. You have until June 29, 1981, to apply. For more information, see your Farmers Home Administration loan officer.

Ag Affairs

by Ed Blake

NEWSPRINT MILL UNDERWAY

Following bright feasibility studies of converting Mississippi pulpwood into the huge rolls of paper on which newspapers are printed, a group of pioneering businessmen and timberowners are putting final touches on a proposal that will convert some 180,000 cords of state produced timber annually into newsprint.

The mill will be located in the north central part of the state where there is over an estimated one million acres of commercial pine forests within a 65 mile radius of the proposed mill site. The new enterprise is a joint venture of over a dozen major newspapers in the South, an experienced newsprint manufacturing firm with headquarters in Canada, and a Mississippi forestland owners cooperative.

The three partners will each represent the main functions of the enterprise - pulpwood production, conversion of wood into paper, and sale of the product which for a number of years has been in short demand throughout the world.

Owen Cooper, Yazoo City industrialist who is playing a major role in organizing the new Mississippi industry, made no attempt to rein in his unbridled enthusiasm for the development in an interview last week. He said each of the three equal partner groups will provide one-third of the total \$65 million capitalization for the mill.

The retired executive vice president of the highly successful Mississippi Chemical Corporation and other successful corporations, said the equity raising program among farmers will be philosophically similar to that of over 30 years ago when farmers invested in the nitrogen manufacturing plant to assure their fertilizer needs at undreamed of savings and returns.

He said benefits to forestland owners will be similarly attractive since the mill will immediately remove the present disparity of prices paid for pulpwood in different parts of the state since the mill will purchase at the prevailing average state price. A \$3 to \$4 per cord increase in pulpwood prices is expected over current prices which range between \$9.17 per cord in north Mississippi and \$11.21 in the southern end of the state.

But even more importantly in long term benefits, the marketing program of the mill will bring about improved forest management practices with the attainable goal of

doubling present pulpwood production per acre. Further, the program will assist in providing a market for poles, sawtimber, veneer bolts, crossties, and other forest products. The plant's location in the Batesville or Grenada area will further provide a boiler fuel market for cull hardwood and other forest scrap material.

Still the stronger market demand and prices for forestland owners do not compare with the investment profits - one third of which will accrue to the landowners and will be paid to them on the basis of their cordage production for the mill.

Cooper said the mill is now approaching a legal entity status and the forestowners are a bonafide agricultural cooperative. The new firm is now beginning a campaign to secure an option contract from forestland owners of 500,000 cords of pine pulpwood to be cut and delivered to the mill during the period of July 1, 1983, through June 30, 1986. These commitments are expected to be secured within the next three to five months.

Committees are now active, Cooper said, in all of the counties within a 65 mile radius of the mill working to secure options on both existing timberlands and potential ones which may be planted under the Forestry Incentives program of the federal government. About 2,000 landowners are expected in the sign-up.

Mississippi currently has about 16 1/2 million acres in forests with privately owned lands comprising some 75 percent of that total.

To be eligible for the mill program Cooper said any landowner must have a minimum of 20 acres and would have to have 100 cords of pulpwood in order for it to be commercially harvested. Lesser amounts would have to be harvested by the landowners themselves.

Farmers or other landowners interested in the newsprint mill program are urged to get application forms by writing: Paper Mill, P. O. Box 1065, Grenada, MS 38901, or call 228-1190.

New Hebrides long The New Hebrides Islands, 1,100 miles east of Australia, stretch for 500 miles from northwest to southeast. Espiritu Santo, 75 miles long and 40 wide, is the largest in the group, is where the first Melanesians arrived from New Guinea and the Solomon Islands about 1000 B.C.

Agriculture Today

by Ed Curran

U.S. Department of Agriculture

How does Russia rate as an agricultural producer? Can it ever catch up to the United States? A recent report by the department gives us some insight on the subject.

It shows, for example, that right now the Soviets have more cattle than we do and they've had more hogs than the United States since 1973, as well as more sheep.

Russia's cattle numbers are now estimated at 115 million head. This, compared to 111 million in the U.S. Their hog numbers total 73.7 million, compared to our 67 million. They have nearly 144 million sheep; the U.S. has about 10.5 million.

But, we produce far more beef and veal, pork and poultry. The Soviets have long been the world's leading milk producer, while the two countries have run neck-and-neck as egg producers.

Russia produced 15.4 billion pounds of beef and veal last year, well below the 21.7 billion pounds produced in the United States.

Its pork production totaled 11.6 billion pounds, again well below the 15.3 billion pounds produced in the U.S. Russia's mutton, lamb and goat output totaled another 2.0 billion pounds, well above the 285 million pounds produced here.

Poultry was another matter. The Soviets produced a record 4.6 billion pounds last year. We

produced a record 12.1 billion pounds of poultry meat.

That means their overall meat and poultry output totaled a near-record 34.2 billion pounds. Our output totaled 49.4 billion pounds.

The Soviets continued as the world leader in milk production. Their total, at 206 billion pounds, was well above the 124 billion pounds produced in the U.S. But, the U.S. produced 68 billion eggs, the Soviets 65.6 billion.

In the matter of wheat production, Soviet output totaled only 90 million metric tons, well below the record 121 million tons produced in 1978. U.S. wheat production totaled only 58 million tons. The Soviets also produced 8.1 million tons of rye, 46.5 million tons of barley, 15.0 million tons of oats. Compared to U.S. totals of only 623,570 tons of rye, 8.3 million tons of oats, 7.8 million tons of sorghum.

But, the Soviets only produced 8.4 million tons of corn, the U.S. 197 million tons of it. And, Russia's production of other grains totaled only 13.2 million tons. The U.S. also produced 20.6 million tons of sorghum.

That left total grain output at 179 million tons for the Soviets, 292 million tons for the U.S. But, you say, 1979 was an off year for the Soviets. They had a record year in 1978. They produced 237 million tons of grain that year. Well, the U.S. produced 268 million tons in 1978.

MSU slates annual landscaping school

Nationally known landscape architect Robert E. Marvin will be featured speaker Nov. 12 at a 25th annual Mississippi Landscape School at Mississippi State University at Starkville.

The program will begin at 8 a.m. in Dorman Hall Auditorium and will also include a lecture by Prof. Edward C. Martin Jr. of MSU's Department of Landscape Architecture.

Since 1957, the landscape school has been sponsored by the Garden Clubs of Mississippi, Inc., in cooperation with the landscape architecture department at MSU.

Marvin, a native of South Carolina, has received numerous national awards for his site designs and lectures.

In 1969 and 1979, he was presented national design awards in ceremonies at the White House in Washington, D.C.

This year, he was awarded the National Council of State Garden Clubs, Inc., Silver Seal for "distinguished achievement in environmental design."

Martin has taught at MSU since 1960.

The originator of the landscape school, he was awarded a Silver Seal in 1969 for public educational contributions to landscape design.

For information on registration and complete program details, contact Martin at Drawer MQ, Mississippi State, Miss. 39762 or telephone 325-2012.

We are now cleaning and servicing all makes and models, central & window unit air conditioners.
